Community Economic Development Clinic Information Sessions

Are you interested in the growing unaffordability of San Francisco and efforts to forestall the displacement of low- and moderate-income people, non-profits, and small businesses from the City? Curious about efforts to revitalize the Tenderloin and Mid-Market neighborhoods? Would you like to advise neighborhood-based organizations, city-wide advocacy organizations, local political officials, and philanthropic institutions on development issues? Students in the **Community Economic Development (CED) Clinic** do just that and have been at the center of policy initiatives around ensuring community benefits from proposed new development, first source local hiring of economically disadvantaged residents, encouraging a balance in the construction of affordable and market-rate housing, exploring remedies for non-profit displacement, appropriate levels and uses of development impact fees, and revising the Environmental Impact Report process. Clinic students work at the intersection of law, policy, and politics. Students participate in community meetings, public hearings at City Hall, and briefings with members and staff of the Board of Supervisors and experienced local activists. The work entails extensive legal research and factual development, drafting advisory memos, persuasive materials, and proposed legislation or ballot measures, delivering oral presentations, and closely following local political and economic developments. Students gain a deeper appreciation of the history, complexity, and institutional infrastructure of the Tenderloin, neighboring communities, and the City.

To apply, **attend an information session** (on either **Tuesday October 27th at noon in Room 325 of 100 McAllister Tower**, **Wednesday November 4th at 3:30p in the large seminar room of the CJC on the third floor of 100 McAllister Tower**, or **Tuesday November 10th at 3:30p in Room 325 of 100 McAllister Tower**) and use the [Common Clinic Application](#). Applications will be reviewed on a rolling basis. Students who apply by **Thursday, November 5 at 5:00 p.m** will be informed by November 12th. For more information, contact Professor Ascanio Piomelli at piomelli@uchastings.edu. Past students' perspectives and examples of recent projects are available at <http://www.uchastings.edu/academics/clinical-programs/clinics/community-economic-development/index.php>.

Disability Resource Program Announcements!

Do you have a documented disability and need accommodations? Are you receiving treatment for or in the process of getting diagnosed with a possible disability, whether that disability is visible or non-apparent (sometimes called “hidden” or “invisible” disabilities?) DON'T WAIT TO CONTACT DRP TO REQUEST ACCOMMODATIONS! By law and to ensure the integrity of the program, registering with DRP to determine eligibility and accommodations must be an interactive, deliberative and collaborative process. At a minimum, this includes (1) providing sufficient, relevant documentation for review, and (2) meeting with the Director for a comprehensive eligibility and access planning meeting (a.k.a., an intake meeting.) It is not meant to be an onerous process, but **IT TAKES TIME**. Therefore, students are urged to **contact DRP at DRP@uchastings.edu or 415-581-8948** at the very beginning of the semester to initiate this process and for timely consideration of classroom-based accommodations. **Students are advised to schedule an intake appointment to occur no later than FRIDAY, OCTOBER 2, 2015.** Accommodations are not granted retroactively, so earlier is better! The deadline for **completing** your registration with DRP to consider accommodations for final exams is **WEDNESDAY, NOVEMBER 4, 2015. However, if you haven't begun the process well in advance of that date, you may be too late to receive accommodations for final exams.** Please refer to our website for more information about registering with DRP.

Are you concerned that you might have a disability, but do not have current or sufficient documentation?

If you have UC SHIP, your first step is to contact [Student Health Services](#) (SHS) for an evaluation and possible recommendation for further assessment. We recommend that you also contact DRP to schedule a consultation simultaneously. If you do not have UC SHIP, please contact DRP at DRP@uchastings.edu or 415-581-8948 to schedule a consultation.

Symposium: Hunting for Answers About Sustainable Use Conservation

Hastings West-Northwest Journal of Environmental Law and Policy

Co-hosted by: Hastings Student Animal Legal Defense Fund & Native American Law School Association

Friday, October 30, 2015; 7:30AM-8:00 PM

UC Hastings. 198 McAllister Street, Louis B. Mayer Lounge

San Francisco CA 94102

FREE admission / FREE breakfast and lunch / Reception to follow

Registration is mandatory as this is a controversial event and space is limited - [Register here.](#)

Join us for this day of informed debate on sustainable use conservation. Sustainable use conservation is the idea that governmental agencies can manage wildlife in a way that advances the conservation of the species as a whole though consumptive use. Legislatures, agencies, non-profit organizations, hunters, and corporations have long fought intense political and legal battles over the ability to hunt big game and, when the hunting occurs overseas, the ability to import any animal parts. The recent death of Cecil the Lion has intensified this debate. Speakers from all sides of the issue will discuss the laws, policies, and economic impacts surrounding sustainable use conservation.

Speakers include ALDF's Jessica Blome and Jeff Pierce; Dr. Brian Child, former Chair of IUCN Southern Africa Sustainable Use Specialist Group; Glen Martin, journalist and long-time San Francisco Chronicle Environment, Natural Resources and Science Contributor; Professor Bruce Wagman, adjunct professor for UC Hastings, College of the Law and specializes in animal rights; Anna Frostic, Senior Attorney at the Humane Society of the United States' Animal Protection Litigation department; Professor Barnhizer, Director of the Conservation Law Program at Michigan State University; Paul Brisso, Partner at Mitchell, Brisso, Delaney & Vrieze and the President of the California Chapter of the Wild Sheep Foundation; Brendan Cummings, Senior Counsel and Strategic Litigation Group Director at the Center of Biological Diversity; and more!
