<b>Subject:</b>	<b>Notice of Availability of a Final Environmental Impact Report</b>
<b>Project Title:</b>	<b>University of California Hastings College of the Law Long Range Campus Plan</b>

Under the requirements of the California Environmental Quality Act (CEQA) and its Guidelines, and the University of California Hastings College of the Law (UC Hastings) CEQA Guidelines, a Final Environmental Impact Report (Final EIR) has been prepared by UC Hastings in connection with the proposed Long Range Campus Plan (LRCP). UC Hastings is the Lead Agency for environmental review and has evaluated the potentially significant environmental effects of the proposed LRCP. The Final EIR found that, to the extent nighttime construction were necessary, certain nighttime construction noise effects would be reduced but not avoided with implementation of mitigation measures. Therefore, construction noise would be a significant unavoidable environmental impact.

The LRCP Draft EIR was published and made available for a 45-day public review period beginning on March 25, 2016, through May 9, 2016. During this time, UC Hastings received written comments on the Draft EIR. A public hearing was also held on May 3, 2016 to receive oral comments on the Draft EIR. Written and oral comments on the Draft EIR were documented and addressed through written responses, as well as taken into consideration for revisions to the Draft EIR. Those comments and responses, as well as revisions to the Draft EIR, have been compiled in the Environmental Impact Report Response to Comments document. That document, together with the revised Draft EIR, constitute the Final EIR. The UC Hastings Board of Directors will consider certification of the Final EIR at 900 A.M., July 14, 2016, at 200 McAllister Street, 2nd Floor, in the Alumni Reception Center.

This Notice of Availability of the Final EIR is being circulated to the public and interested parties. The Final EIR is available for review online at:
