ROSEN, BIEN & GALVAN, LLP
ESTABLISHED 1990

Associate Attorney

Rosen, Bien & Galvan LLP, a San Francisco law firm specializing in complex trial and appellate litigation in both federal and state courts, seeks a full-time associate with one to three years of litigation experience to start immediately. Among other successes this past year, RBG has represented prisoners in California's overcrowded prison system before the United States Supreme Court, brought multiple voting rights actions on behalf of minority groups, and successfully defended provisions of the Americans with Disabilities Act in the Ninth Circuit Court of Appeals. We have a broad practice, including both public interest and private sector litigation. Key practice areas include civil rights; employment counseling and litigation; First Amendment; antitrust; intellectual property and trade secret litigation; and business and commercial litigation.

Excellent research and writing skills are essential. Applicants must be admitted to practice, with California Bar admission preferred, and ideally be available to start in February 2011. RBG values diversity, and strongly encourages applications from attorneys from traditionally underrepresented groups, including people of color, persons with disabilities, people from socioeconomically disadvantaged backgrounds, and lesbian, gay, bisexual, and transgender individuals.

Please apply via e-mail to mgoodwin@rbg-law.com, and include all of the following: a cover letter addressed to the Associate Hiring Committee, resume, two writing samples, two or more references (including mailing address, email, and telephone number), and law school transcript. In your email, please also identify where or from whom you heard about this position. Applications will be reviewed on an ongoing basis until the position is filled. No phone calls please; our website will be updated when the position is filled.
