

Tips for using your Hastings Group Discount and other AT&T Wireless services online.

1. If you would like to set up service at an AT&T retail location, you may still qualify for the Hastings group discount. You will, however, need an FAN (Foundation Account Number) specific to your group: either Faculty and Staff or Students and Alumni. For this, please call or email the bookstore at 415.565.4610 or collenk@uchastings.edu .
2. If you would like to set up service with AT&T online, it is also still possible to receive the Hastings group discount. Once you've established the new account, simply follow the steps outlined in either the Faculty and Staff or Students and Alumni worksheets.
3. You may also: "port" your number to AT&T from another carrier, upgrade an existing account, or add new service to an existing AT&T Mobility account all online.
