

**ACADEMIC REGULATIONS AND OTHER RULES APPLICABLE TO STUDENTS
(2016-17)**

PREFACE

You should read these regulations carefully; all students are presumed to have full knowledge of their contents.

INTRODUCTION

These regulations are divided into eleven parts. Each part is designated by a roman numeral and a title in capital letters. The parts are divided into one or more subparts. Each subpart is designated by a capital letter and an underlined title in initial caps.

I. DEFINED TERMS AND GENERAL PRINCIPLES.

A. DEFINED TERMS

001. **Defined terms.** The following terms have the meanings shown when used in these regulations. Examples of the use of the terms can be found in the sections noted in parentheses.

Academic Dean -- The Academic Dean of the College and/or the Associate Academic Dean of the College, any other member of the faculty of the College who has been specifically delegated by the Dean of the College or by the Academic Dean of the College to exercise the authority given in these Regulations to the Academic Dean of the College. (§503, et. seq.)

Add/drop period -- The period at the beginning of each semester designated in writing by the Academic Dean, during which students may, generally, change courses without obtaining permission of the Academic Dean. (§803)

Administrative F -- A grade of "F" entered on a student transcript for a course by the Registrar's Office at the direction of the Academic Dean because the student initially received an incomplete in the course and did not follow the required procedures to remove the incomplete, or because, without prior authorization, the student failed to take a scheduled examination, or because the student violated the Hastings Code of Student Conduct. (See §§1103, 1303, 1304, 2902, 2908, and 3008.) Administrative F grades may be accompanied by a notation on the transcript of the reason the student received the F grade.

Administrative withdrawal -- The removal of a student from a course by the Academic Dean, in accordance with these Regulations and with the consequences prescribed in these Regulations. (§504)

College -- Hastings College of the Law (§105)

Course (as used in all sections of these regulations except for §§901-1005) -- An offering of the College for which a student is authorized to receive unit credit which counts toward the minimum number of units needed for graduation. (§§501-504, 703, 801, 1101-1103, et seq.)

Course (only as used in §§901-1005, which sections deal with grade point average computation and grade normalization requirements) -- An offering of the College that is either a "GPA course" or a "non-GPA course" and is not a "seminar." The terms "GPA course," "non-GPA course" and "seminar" are defined below and in §901. These terms are used with these meanings by the Hastings Records Office.

Full-time student -- Either a student enrolled in a minimum of 12 units in each semester at the College, or a student enrolled in less than 12 units in each semester who qualifies for such enrollment under

§§202, 203, or 204. (§201)

Full-time status -- The status of a full-time student. (§201)

Good academic standing -- Describes status of student whose grade point average is 2.2 or above. (§§1801, 2402)

GPA course -- A course in which the grade will be counted in a student's grade point average. In first-year GPA courses the grade must be based at least 50% on an anonymously-graded examination (or a series of anonymously-graded examinations). Except with the prior approval of the Academic Dean for a specific semester, the grade in second and third-year GPA courses will be based at least 50% on an anonymously-graded examination (or a series of anonymously-graded examinations). Instructors shall notify the class in writing during the first week of classes about how they intend to evaluate students.

Independent study -- An arrangement between a faculty member and a student under which a student produces substantial written work under the supervision of the faculty member. Grades given for independent study are not counted in a student's grade point average. (§§2401-2406)

Leave of absence -- An absence of a semester or more permitted by the Academic Dean to an admitted Hastings student that interrupts the normal course of a student's progress to graduation in consecutive semesters. (§§2901-2906)

Non-GPA course -- A course in which the grade will not be included in a student's grade point average. These courses emphasize skills training and evaluation, such as clinics, externships, Legal Analysis, and other courses that may be so designated by the Faculty from time to time, including those courses designated as credit/no credit.

Seminar -- An offering of the College which does not qualify as a GPA course, but in which the grade will be counted in a student's grade point average. A seminar must involve substantial research and writing done under faculty supervision. The grade in a seminar must be based at least 50% on that written work. Instructors shall notify the class in writing during the first week of classes about how they intend to evaluate students.

Upper division -- Describes a course or offering that may only be taken by a second or third-year student at the College. (§§901, 1803)

Withdrawal -- A voluntary termination of enrollment at the College of a student in good standing, approved by the Academic Dean, having the consequence that the student may not re-enroll at the College unless readmitted. (§§2908, 2909)

B. GENERAL PRINCIPLES

010. **Compliance with applicable law.** The Academic Dean shall interpret and apply these Academic Regulations so as not to violate applicable laws, including but not limited to, laws establishing the rights of persons with disabilities.

II. RESIDENCY AND GENERAL ENROLLMENT REQUIREMENTS.

A. Semesters and Units

101. **General requirements for degree.** Except as otherwise provided in this subpart, a student: (1) must be enrolled on a full-time basis, as defined in §201, during six semesters at Hastings and (2) must earn credit for 86 units of course work to qualify for a Hastings J.D. degree.
102. **Transfers after one year of law school.** A student who is admitted as a transfer student after completing the first year curriculum at another law school must be enrolled at the College as a full-time student for not fewer than four semesters and must successfully complete a minimum of 52 units while

at the College to qualify for a Hastings J.D. degree. [See §2202. Students visiting at other law schools.]

103. **Matriculation at another law school.** A Hastings student who matriculates at another law school as a full-time student during the student's second or third year must be enrolled at Hastings as a full-time student for not fewer than four semesters and must successfully complete a minimum of 52 units at Hastings to qualify for a Hastings J.D. degree. [See §2205. Transfer students - maximum transferable units.]
104. **Accelerated graduation.** A student can qualify for a Hastings J.D. degree if the student (1) successfully completes five regularly scheduled full-time semesters, (2) successfully completes no fewer than 12 and no more than 16 units during two summer sessions given at one or more ABA approved law schools, and (3) earns no fewer than a total of 86 units in those five full-time regular scheduled semesters and those two summer sessions. [See §2209. Summer session students.]
105. **Joint degree students.** Requirements for graduation at the College by participants in joint degree programs are set forth in §2304 - Effect on graduation requirements.
106. **Reduced course load.** After completion of the first year as a full-time student, the Academic Dean may grant permission for a student to enroll in fewer than eleven units in lieu of full-time enrollment in a given semester. Such approval shall be given only in extraordinary circumstances that involve family or medical needs, financial hardship, unusual academic or career opportunity, or similar concerns. This section will not extend the maximum time that students may be enrolled at the Law School. [See §401.]

B. Minimum Course Load

201. **General minimum full-time course load.** Except as otherwise provided in this subpart, a student must be enrolled in a minimum of 12 units each semester to be considered a full-time student (or to have full-time status) for purposes of these regulations.
202. **One semester exception.** A student will be considered to have full-time status if enrolled in 11 units in one semester, so long as the student is enrolled for 24 units during an academic year.
203. **Externships.** A student will be considered to have full-time status if enrolled in a judicial or a legal externship for 10 units in one semester, so long as the student is enrolled in 24 units during the academic year.
204. **Extraordinary circumstances.** In extraordinary circumstances, the Academic Dean may grant permission for a student to enroll in not less than 10 units in one semester. A student granted such permission will be considered to have full-time status for that semester.

C. Maximum Course Load

301. **General maximum course load.** Except as otherwise provided in this subpart, a student may be enrolled in a maximum of 16 units each semester. No student may be enrolled in more than 17 units in any semester under any circumstances.
302. **Exception to maximum course load.** A second-year or third-year student with a cumulative grade average of 2.7 or better may be enrolled in 17 units in one semester, so long as the student is enrolled in no more than 33 units during the academic year. In extraordinary circumstances, the Academic Dean may grant permission for a student with a cumulative grade average of 2.7 or better to enroll in 17 units in two consecutive semesters of an academic year. For the graduating class of 2014, the threshold will be 2.5. This change will take effect starting Fall 2014.

D. Limits on Extended Enrollment

401. **Maximum semesters of enrollment.** A student may not be enrolled at Hastings for more than eight semesters.

402. **Maximum years to qualify for degree.** Except in extraordinary and compelling circumstances, a student must complete the requirements for a Hastings J.D. degree within a period of five years from the commencement of the student's first attendance of classes at Hastings or at another ABA/AALS accredited law school.

E. Attendance and Performance

501. **General rule.** A student who enrolls in any course must regularly and punctually attend class and must perform all class assignments, including any requirements established under §502.
502. **Specific attendance and performance requirements.** An instructor may establish specific attendance and performance requirements in the instructor's course and, during the add/drop period, shall notify the students of those requirements in the course syllabus or by some other form of written notice. [See §803. Add/drop period.]
503. **Reporting deficient attendance or performance.** An instructor may determine that a student has been excessively absent or has failed to perform the course assignments as required in §§501 or 502. The instructor may report such student to the Academic Dean. A student so reported shall not continue to be enrolled in the course without the instructor's permission. [See §504. Administrative withdrawal from a course.]
504. **Administrative withdrawal from a course.** The Academic Dean may, following consultation with the course instructor, direct the Records Office to withdraw a student from a course for excessive absence or failure to perform course assignments. This "administrative withdrawal" shall be noted by an "AW" on the student's transcript and shall be accompanied by a brief explanation of the reasons for the administrative withdrawal. A course in which a student receives an "AW" will not be counted as units attempted by the student, and the "AW" will not affect the student's grade point average.

F. Employment

601. **First year students.** A first-year student should not undertake any employment, because the rigorous demands of law study require the full energy and time of the beginning student. In a case of significant financial need, when no other means of meeting expenses are available, the Academic Dean may permit a first year student to be employed for a maximum of 20 hours per week.
602. **Second and third-year students.** A second-year or third-year student should not undertake extensive employment and, under no circumstances, should such a student be employed for more than an average of 20 hours per week when classes are in session or students are preparing for examinations.

III. SPECIFIC COURSE AND ENROLLMENT REQUIREMENTS.

A. Required Courses

701. **First-year courses.** All students must take the first-year curriculum, which consists of 31 units: Civil Procedure I (4 units), Contracts (4 units), Criminal Law (4 units), Legal Writing and Research (3 units), Moot Court (2 units), Property (4 units), Torts (4 units), Constitutional Law I (3 units), Statutory Course (3 units). Students must take all of the required first-year curriculum during the first year of law school unless a reduced course load is approved by the Academic Dean. First-year students may not enroll in any upper division course without the approval of the Academic Dean.
702. **Professional ethics course requirement.** All students must enroll in and receive a grade of C or better in a course on professional ethics and conduct.
703. **Writing requirement.** All students must write a substantial research paper that demonstrates professional and scholarly proficiency in research, analysis, and writing. Students may satisfy this requirement in either a seminar or a two-unit independent study with a substantial writing component.

The Academic Dean shall designate the seminars that have a substantial writing component. With the written permission of the Academic Dean, a member of the Adjunct Faculty may supervise an independent study to satisfy this requirement; otherwise, only Regular, Distinguished, and Clinical Faculty members may do so. All of the following requirements must be met in order to satisfy the writing requirement:

- a. The student must inform the instructor that the student wishes to have a paper fulfill the writing requirement.
- b. The student must submit a topic and receive approval of it from the instructor.
- c. The student must submit at least one preliminary draft to the instructor for comments and suggestions.
- d. The student must submit a final draft that is of sufficient length to thoroughly discuss and resolve the issue(s) that it considers. Ordinarily this would require a final draft of approximately 7,000 words exclusive of footnotes and endnotes. Quality, however, is more important than length and a draft of fewer than 7,000 words that is concise, yet thorough, and otherwise meets the requirements of this section may equally fulfill the writing requirement.
- e. The student must receive a grade of C or better on the final draft of the paper.
- f. The paper must be a substantial research paper that demonstrates professional and scholarly proficiency in research, analysis, and writing.
- g. The instructor must certify in writing that all of the above requirements have been met.

[See §903. Exception for independent study to fulfill writing requirement. See also §§2401-2406 on Independent Study generally.]

704. **Experiential units requirement.** Each student shall, after the first year, take and pass (with a grade of CR if the course is mandatorily graded on a CR/NC basis, and otherwise with a grade of C or better) at least six units (and in the case of students who commences the J.D. program prior to the fall 2016 semester, at least two units) of experiential courses. An experiential course is a simulation course, a law clinic, or an externship, as long as it is primarily experiential in nature and (i) integrates doctrine, theory, skills, and legal ethics, and engages students in performance of one or more professional skills – e.g., trial and appellate advocacy, alternative methods of dispute resolution, counseling, interviewing, negotiating, problem solving, factual investigation, organization and management of legal work, and legal drafting; (ii) develops the concepts underlying the professional skills being taught; (iii) provides multiple opportunities for performance, and (iv) provides opportunities for self-evaluation. The Academic Dean shall compile and publicize a list of courses in the curriculum that satisfy this requirement. Any course taken to satisfy Regulation 701 shall not also be used to satisfy this experiential units requirement. Student work done to satisfy this experiential units requirement shall not also be used to satisfy the writing requirement in Regulation 703.

B. Changes in Course Schedule

801. **Records Office requirement.** All changes in student schedules, including changes from one section of a course to another and any change pursuant to the procedures required or authorized in §§803 through 806, must be processed through the Records Office.
802. **First-year sections.** All first-year students must remain in the section to which they are assigned through the first year. In extraordinary circumstances, the Academic Dean may authorize a change in the section assignment or schedule of a first-year student.
803. **Add/drop period.** The Academic Dean shall designate in writing the "add/drop period" as well as any add/drop period policies and procedures in addition to those set forth in these regulations. The

Academic Dean shall make copies of such policies and procedures available to all students.

804. **Requirements during add/drop period.** Except where the instructor has established limitations on dropping, a student may drop a course through the last day of the add/drop period without the permission of the instructor. A student who fails to attend each class meeting of a course in which the student is enrolled during the add/drop period may be administratively dropped from the course by the Academic Dean.
805. **Restrictions on changes after add/drop period.** After the add/drop period, a student may change the student's schedule only after demonstrating the existence of extraordinary circumstances to the Academic Dean and receiving written permission from the Academic Dean. In addition, a student must also show good cause to withdraw from a course on the student's schedule after the add/drop period, and a student must also show a compelling reason to add a course to the student's schedule after the add/drop period.
806. **Effects of late course withdrawal.** A student who withdraws from a course after the add/drop period, or after a later date established by the Academic Dean, shall receive a notation of "W" for that course on the student's transcript. A course in which a student receives a "W" will not be counted as units attempted by the student, and the "W" will not affect the student's grade point average.
807. **Enrollment at overlapping times prohibited.** No student may enroll in courses scheduled to meet at the same hour or at overlapping times.
808. **Employment related changes prohibited.** No student will receive the permission of the Academic Dean to change the student's course schedule to accommodate the student's employment schedule.

IV. STANDARDS FOR GRADING AND GRANTING CREDIT.

A. Grading Scales and Minimum Cumulative Grade Point Average

901. **General Rule.** Offerings of the College are divided into four categories: GPA courses, non-GPA courses, seminars and independent studies as defined in Section 001. Student performance in all graded courses, seminars and independent studies offered by the College shall be graded in accordance with the grading curve set forth in §§1001-1005 below and counted in a student's cumulative grade point average except for those offerings specifically designated in this section or in §§902-903, below. The Faculty shall designate in the Course Catalog the courses that are not graded and also those classes and seminars for which the grades are not used in calculating a student's cumulative grade point averages.
902. **Exception for visiting students from law schools in foreign countries.** Visiting students from law schools in foreign countries are graded according to the following system: (E) for excellent or outstanding performance; (VG) for very good or very creditable performance; (G) for good or average performance; (P) for passing or acceptable performance; and (NP) for not passing or unacceptable performance. With the permission of the Academic Dean, a visiting student from a law school in a foreign country may be graded according to the grading scale set forth in §904.
903. **Exception for independent study arrangements.** The letter grades set out in §904 shall be used in grading independent studies, even though grades given for independent studies do not count in a student's grade point average. Such letter grades must be used in grading independent studies arranged for the purpose of fulfilling the writing requirement of the College set out in §703. With the advance permission of the supervising faculty member, other independent studies may be graded on a CR/NC basis.
904. **Grade point equivalents.** Points are assigned for grades on the following basis for purposes of computing the grade point average: A+ = 4.3 grade points per unit; A = 4.0; A- = 3.7; B+ = 3.3; B = 3.0; B- = 2.7; C+ = 2.3; C = 2.0; C- = 1.5; D = 1.0; F = 0.

905. **Minimum cumulative grade point average.** The minimum cumulative grade point average for continuation and graduation is:

- a. 2.0 for the graduating class of 2014 and earlier; and
- b. 2.2 for the graduating class of 2015 and after.

B. Grade Normalization

1001. **Grades in classes with 30 or more students enrolled at the time of grading:** In all classes with 30 or more students the following normalization requirements shall apply: 15 to 25 percent of grades shall be in the A range (A-, A, or A+); 7 to 12 percent of grades shall be below B-. If an instructor teaches more than one section of a course in a given semester, he may, at his discretion, treat multiple sections as a single class for the purposes of grade normalization.

1002. **Waiver of normalization requirements in classes with 30 or more students enrolled at the time of grading.** The Academic Dean may not waive the normalization requirements of any first-year course. [For Legal Research and Writing, First-Year Moot Court, and Legal Analysis, see section 1003.] The Academic Dean has the authority to waive normalization requirements for upper-division courses only under exceptional circumstances. It is expected that these waivers will be rarely granted. The following conditions are the only ones under which the Academic Dean may consider granting a waiver:

- a. The class is only marginally larger than classes that are exempted from normalization requirements altogether;
- b. The mean GPA of the students enrolled in the class is substantially above or below the mean GPA of all second and third-year students;
- c. Students in the class are evaluated by some method other than a common exam;
- d. Only a single section of the class is offered per year;
- e. The proposed deviation is minor, consisting of no more than a small number of students.

The satisfaction of one of these conditions is not necessarily sufficient to justify granting a waiver, nor does the satisfaction of any of these conditions obligate the Academic Dean to grant a waiver.

1003. **Grades in classes with fewer than 30 students enrolled at the time of grading.** There are no specific normalization requirements for classes with fewer than 30 students, including Legal Research and Writing, First-Year Moot Court, and Legal Analysis. The Academic Dean may reject the grade sheet of a class with fewer than 30 students that does not have a range of grades. Furthermore, if there are multiple sections of a class with fewer than 30 students in a given semester, the Academic Dean shall use her authority to reject grade sheets to ensure a reasonable degree of uniformity across sections.

1004. **Grades below B-.** After satisfaction of the grade normalization requirements set forth in §1001, the distribution of grades of C+, C, C-, D and F is at the instructor's discretion. Student performance that is unsatisfactory must be assigned a grade of C- or lower. Student performance that is unsatisfactory and substantially below the performance of other students in the class must be assigned a grade of D or F.

1005. **Grades of A+.** At the discretion of the instructor, the grade of A+ may be granted to reward superlative performance. An instructor need not award the grade of A+ in any given class. Only in unusual cases may more than one A+ grade be awarded in a given class. No more than one A+ grade may be awarded in a class with fewer than 30 students, no more than two A+ grades may be awarded in a class of 30 to 70 students, and no more than three A+ grades may be awarded in a class of more than 70 students.

1006. **Mandatory Credit/No-Credit (CR/NC) courses.** First-Year Moot Court and Legal Analysis shall be graded on a Credit/No-Credit basis. Credits are also awarded to teaching assistants and research assistants on a Credit/No Credit basis.
1007. **Elective Credit/No-Credit (CR/NC) courses.** Following completion of the first year, students with a cumulative grade point average of at least 2.2 may elect to take up to two upper-division normally graded GPA lecture courses or GPA seminars on a Credit/No-Credit (CR/NC) basis. Students may not take a course on a CR/NC basis unless they completed all the first year requirements, completed all the first year requirements with one exception because they took Legal Analysis, were admitted as transfer students, or obtained the permission of the Academic Dean. All GPA lecture courses or GPA seminars may be taken on a CR/NC basis unless the course instructor has, prior to the date established by the Records Office for such exclusion, directed the Records Office to exclude that course from CR/NC grading.

A student must elect CR/NC grading on or before two weeks prior to the last day of instruction for the semester in which the course is taken. A student's election to have a course graded on a CR/NC basis is final and irreversible. Instructors shall assign grades according to the grading curve set forth in §§ 1001-1005 without regard to, and without knowledge of, student election of the CR/NC option. Grades assigned from A+ to D shall be recorded as CR, and a grade of F recorded as NC.

With the exception of Independent Studies as described below, students visiting from other institutions, L.L.M or M.S.L. students, or students who are otherwise not graded according to the grading scale set forth in § 904, may not elect the CR/NC option in graded courses. With the exception of Moot Court, Legal Analysis, and any course used to satisfy the Experiential Units requirement that is mandatorily graded on a CR/NC basis, no required course may be taken CR/NC.

C. Changes in Grades

1101. **General rule: computation error as basis for grade change.** An instructor may change the grade for a course only in cases of computational error subsequently reported to the Records Office by the instructor. The instructor shall report all such changes to the Records Office no later than the conclusion of the semester following the course.
1102. **Exception: grade change involving re-enrollment.** If a student is required or permitted to re-enroll in a first-year course pursuant to the standards for continuation and graduation, the grade earned for the re-enrollment shall be substituted for the grade earned for the initial enrollment. If a student is required or permitted to re-enroll in an upper-division course pursuant to the standards for continuation and graduation, the grade earned for the re-enrollment shall be averaged with the grade earned for the initial enrollment. Both the grade earned on the initial enrollment and the grade earned on the re-enrollment shall appear on the student's transcript.
1103. **Exception: grade change involving misconduct.** In accordance with the Hastings Code of Student Conduct the Academic Dean may administratively change a grade to an F as a sanction for student misconduct on an examination, in the preparation and submission of a paper, or in the performance of other responsibilities for a course. If the student is required or permitted to re-enroll in the course, the grade earned for the re-enrollment shall be averaged with the grade earned for the initial enrollment. Both the grade earned on the initial enrollment and the grade earned on the re-enrollment shall appear on the student's transcript. The original grade shall include a notation that explains that the F was assigned as a sanction for the student's academic misconduct.

D. Credit

1201. **No credit for failing grades.** A student shall receive no credit for a grade of F, NC or NP.
1202. **Additional credit prohibited for re-enrollment.** If a student re-enrolls in a course for which the student previously received unit credit, the student shall not receive additional unit credit for the re-enrollment.

1203. **Maximum credit for non-classroom work.** Students may receive credit for no more than a total of 20 units for academic programs and courses in which the majority of the work is performed outside of the classroom. Such academic programs include independent studies; teaching assistants for Legal Research and Writing, LEOP, and Academic Support; Moot Court Board, interscholastic competitions, and participation on scholarly publications. Such courses emphasize skills training and evaluation, and include the fieldwork component of clinics and externships, and any other non-classroom courses designated by the Faculty in the Course Catalog. Credits earned in excess of the 20-unit limitation shall not be counted toward graduation, but shall be recorded on the student's transcript. [See §§101-103.]
1204. **Credit for distance education courses.** Students may receive credit for distance education courses as long as there is ample interaction with the instructor and other students throughout the duration of the course and ample monitoring of student effort and accomplishment, provided that:
- a. A student shall not receive credit for more than four units in any semester for distance education courses, nor will a student receive more than a total of 12 units toward the student's J.D. degree for distance education courses.
 - b. A student shall not enroll in any distance education course until the student has received credit for 28 units towards the J.D. degree.

E. Incompletes

1301. **Missed examinations.** The Academic Dean may authorize a student to receive an incomplete when the student is unable to take or complete an examination during the regularly scheduled examination period because of illness, accident, or other extraordinary circumstances. An incomplete is a temporary notation on a Hastings transcript that can only be removed pursuant to §§1303 and 1304.
1302. **Non-examination courses.** The instructor in a non-examination course may grant an incomplete to a student for good cause as determined by the professor. Such incompletes do not require the approval of the Academic Dean. An incomplete is a temporary notation on a Hastings transcript which must be removed pursuant to §§1303 and 1304.
1303. **Removal of incomplete by examination.** A student who receives an incomplete in a course in which an examination is given must sit for the next regularly scheduled final examination for the course. If, in the next regularly scheduled offering of the course, a midterm is administered, the student must also sit for the midterm. With the permission of the instructor, the Academic Dean may permit a student to take the examination on a specially scheduled date. An incomplete must be removed from the student's record by the last day of the semester that follows the semester in which the student received the incomplete; if the course is not offered in that following semester or if the student is not enrolled at the time the exam for the course is given in that following semester, the incomplete is automatically continued and must be removed no later than the last day of the next semester in which both the course is offered and the student is enrolled for the entire semester.

Unless the Academic Dean authorizes continuance of the incomplete on the student's record, an incomplete that is not removed in accordance with the preceding rules shall be converted to a grade of administrative F and the student shall receive no credit for the course, provided, however, that if a student cannot remove the incomplete in accordance with the foregoing because the course is not offered again before the student completes his/her graduation requirements, or because the student has withdrawn from the college, the incomplete shall be converted into a grade of administrative NC, in which case, an appropriate notation shall be made on the student's transcript, and the student shall receive no credit for the course.

1304. **Removal of incomplete in a non-examination course.** If a student receives an incomplete in a course in which there is no examination, the incomplete must be removed by the last day of the semester that follows the semester in which the student received the incomplete. Unless the Academic Dean authorizes continuance of the incomplete on the student's record, an incomplete that is not removed in accordance with the preceding rules shall be converted to a grade of administrative F and

the student shall receive no credit for the course.

1305. **Removal of incomplete by work at another law school prohibited.** No incomplete may be removed by examination or completion of a course at another law school.

V. STANDARDS FOR CONTINUATION AND GRADUATION.

A. First Year Academic Supervision and Legal Analysis

1401. **Academic supervision.** A student who earns two or more grades of C- or lower on fall semester final examinations, whose grade point average on those examinations is below 2.2, or who otherwise places in the bottom 10 percent of the class at the conclusion of the fall semester shall enter the spring semester under Academic Supervision. Students under Academic Supervision shall comply with the following requirements: (1) counseling by the Academic Dean; (2) participation in the Academic Support or Legal Education Opportunity Programs, including enrollment in Legal Analysis, as directed by the Academic Dean; (3) regular attendance in all courses; (4) submission of the student's proposed second-year schedule to the Academic Dean for review and approval; and (5) any other conditions that the Academic Dean determines are appropriate.

A student who places in the bottom 11-25% shall consult with the Academic Dean to receive counseling. The Academic Dean may impose any of the requirements described in this section on such a student.

1402. **Legal Analysis.** The Academic Dean may direct a student to enroll in Legal Analysis pursuant to §1401 and may allow any other student to enroll in the course if the Academic Dean determines that the student's legal education would be improved by such enrollment. Enrollment in Legal Analysis is in place of first-year Moot Court. Students who enroll in Legal Analysis shall enroll in Moot Court during the spring semester of their second year.

B. Exclusion and Readmission to College After First Year

1501. **Exclusion.** A student who fails to earn the minimum cumulative grade point average or better at the close of the first academic year is excluded from the College subject to the provisions of §1502.
1502. **Readmission procedure and criteria.** A student who is excluded under §1501 may petition for readmission to the Committee on Disqualified Students. The Committee may grant the petition only if it determines:
- a. there existed personal problems of an extraordinary nature (including, but not limited to, personal illness or death or serious illness of a friend or family member) that caused or explain the petitioner's poor academic performance;
 - b. the problems are not likely to continue to affect the petitioner's ability to achieve and to maintain the minimum cumulative grade point average or better and to pass a bar examination if the petitioner is readmitted to the College; and
 - c. it is likely that the petitioner would be able to achieve the minimum cumulative grade point average or better at the conclusion of the student's re-enrollment in the first year curriculum and maintain the minimum cumulative grade point average or better through graduation.

The petitioner may submit written evidence in support of the petition and, upon request, shall have the right to appear before the Committee. In evaluating the petition, the Committee shall consider the petitioner's Hastings file and the evidence submitted by the petitioner that is relevant to the criteria set forth above. The Committee may also request the opinions of faculty members or academic support personnel who have worked with the petitioner.

1504. **Reconsideration.** Petitions for reconsideration will be accepted only if the Committee determines that the evidence on which the petition for reconsideration is based was unknown to the petitioner at the time of the first hearing before the Committee. A student may file a petition only once on such a ground and is not entitled to an oral hearing.
1505. **Terms and conditions of readmission.** If the Committee on Disqualified Students readmits a student, the Committee shall require the student to re-enroll in every first year course. The Academic Dean may waive this re-enrollment requirement for Legal Writing & Research, Moot Court, and any substantive first year courses in which the student received a grade of C or higher. The student must earn a grade of C or better in each of the first year classes in which he or she re-enrolls. The student also must have the minimum cumulative grade point average or better at the conclusion of the student's second year of studies at the College (i.e., at the conclusion of the student's re-enrollment in the first year curriculum plus any upper division courses in which the student enrolls while repeating the first year curriculum). The Committee may impose additional terms and conditions as it deems appropriate.

 - b. the problems are not likely to continue to affect the petitioner's ability to achieve and to maintain the minimum cumulative grade point average or better and to pass a bar examination if the petitioner is readmitted to the College; and
 - c. it is likely that the petitioner would be able to achieve the minimum cumulative grade point average or better at the conclusion of the student's next year of studies at the College and maintain the minimum cumulative grade point average or better through graduation.

The petitioner may submit written evidence in support of the petition and, upon request, shall have the right to appear before the Committee. In evaluating the petition, the Committee shall consider the petitioner's Hastings file and the evidence submitted by the petitioner that is relevant to the criteria set forth above. The Committee may request the opinions of faculty members or academic support personnel who have worked with the petitioner.

1704. **Finality.** The Committee's decision to deny readmission is final and may not be appealed to any Hastings officer or body. Except as provided in §1705, a petition for reconsideration will not be accepted.

The journal shall make copies of the by-laws available to prospective and current members. No journal may begin a writing competition for the purpose of selecting new members earlier than 9 a.m. on the day following the last scheduled examination day for the spring semester preceding the academic year for which the selection is to be made. The competition must end no later than 5 p.m. on the day before the first day of classes of the following fall semester. "Begin" means the distribution of topics or papers upon which the competition is based and which starts the writing or research by competition. 2605. **Unit credit for journal participation.** A member of a journal may earn up to two units for journal participation, as follows: A member may earn one unit by writing a note that the journal's editorial board deems to be of "publishable quality." A member whose note is accepted for publication by a Hastings journal may receive an additional unit of credit, if a member of the Regular, Distinguished, and Clinical Faculty with expertise in the note's subject matter reviews the note and certifies that an additional unit of credit is appropriate. This additional unit of credit will be granted only after the note's acceptance for publication is final and the faculty certification is made. Preemption of the note after it has been finally accepted and certified will not affect the granting of the additional unit of credit. Subject to the rules of the particular journal, a member of a journal may satisfy the note-writing requirement with an independent study under the supervision of a faculty member that fulfills the requirements contained in §§2401-2406. Subject to the rules of the particular journal, a journal member also may satisfy the note-writing requirement with a paper written for a seminar. 2607. **Denial of credit.** Each journal shall establish policies for the denial of credit to participants, consonant with the criteria and procedures set forth in §§2607-2609. Copies of these policies shall be filed with the Academic Dean's office by September 1 of each academic year. Credit for journal participation may be denied in the following three situations.
1. *Withdrawal by member:* A member who withdraws from a journal before October 1 of any academic year shall receive no credit for journal participation and all references to journal participation shall be deleted from the student's transcript for the academic year in question. A member who withdraws from a journal for good cause on or after October 1 of any academic year shall receive no credit for journal participation and shall receive a notation of "W" on the student's transcript.
 2. *Removal by journal:* A member who fails to satisfy the hours requirements of the journal may be removed from journal membership in accordance with the by-laws of the journal. A student who is removed from journal membership shall receive no credit for journal participation and shall receive a notation of "W" on the student's transcript.
 3. *No Credit:* A member who fails to satisfy the "publishable quality" standard for a note, as established by the respective journal's editorial board, shall receive no credit for journal

participation and shall receive a grade of "NC" on the student's transcript.

2608. **Denial of credit: review procedures.** If a journal's editorial board determines to deny credit to a journal member for a reason set forth in §2607 (2) or (3), the journal's editor-in-chief shall observe the following procedures:
1. The editor-in-chief shall personally and independently review any determination or recommendation regarding the denial of credit.
 2. If, after such personal and independent review, the editor-in-chief determines that a denial of credit is warranted, the editor-in-chief shall communicate this determination in writing to the member concerned. This determination should be supported by written documentation of the reasons for the denial of credit.
 3. The editor-in-chief shall communicate in writing any determination (and the documentation forming the basis thereof) regarding the denial of credit to the Academic Dean.
 4. Upon the request of the concerned member, the Academic Dean shall review the recommendation and supporting documentation. The Academic Dean will accept the recommendation unless it appears that the decision of the editor-in-chief constitutes an abuse of discretion.
 5. The Academic Dean shall notify the member concerned in writing of the decision to accept or reject the editor-in-chief's recommendation, and if the Academic Dean accepts the recommendation, the Academic Dean shall notify the Records Office and the Career Services Office of the denial of credit.
2609. **Denial of credit: resume policy.** If a student is denied credit for journal participation for any of the reasons set forth in §2607, the student is not entitled to include participation on the student's resume. In the case of withdrawal by a member, this prohibition shall commence on the date that the student communicates the withdrawal to the journal's editor-in-chief. In the case of removal by the journal or failure, the prohibition shall commence on the date that the student is notified that the Academic Dean has accepted the editor-in-chief's recommendation. In either case, it is the responsibility of the student who has withdrawn, been removed, or failed to ensure that any resume on file with the Career Services Office does not violate this policy.
2610. **Incompletes.** With the permission of the Academic Dean, the editor-in-chief may grant an incomplete for a student who has been unable to fulfill the requirements for academic credit. The incomplete shall be administered pursuant to the requirements of §§1301-1305.
2611. **Review of proposals for new scholarly publications.** Students who are interested in establishing a new scholarly publication shall submit a proposal to the Administrator of Scholarly Publications and also to the Academic Standards Committee, with a copy to the Academic Dean. The proposal shall include: a market analysis explaining the need for the new publication with a description of existing journals in the field; the target audience; a projected subscription based and the reasons underlying the projection; a three-year business plan; the projected number of student participants' and the projected number of annual issues. Based on the students' proposal, the Administrator of Scholarly Publications will make a recommendation to the Academic Standards Committee and state the basis for that recommendation. The Academic Standards committee shall then make a recommendation to the Faculty regarding interim recognition of the publication as a publication of the College. The Faculty will then vote on the Committee's recommendation. If the Faculty grants interim recognition, then within the next academic year, the students shall publish at least one issue. The Administrator of Scholarly Publications may give guidance to the publication, but the publication will not receive funds from the budget of the Scholarly Publications Department. The eligibility requirements of §§2602-2603 shall apply during the period of interim recognition. After at least one issue is published, the Academic Standards Committee shall make a recommendation to the Faculty regarding official recognition as a publication of the College. The Faculty will then vote on the Committee's recommendation. No group shall represent themselves to the public as a Hastings scholarly publication without securing approval through the above process.

2612. **Review of journal reports for continued official recognition.** Every three years the Administrator of Scholarly Publications shall submit a written report to the Academic Standards Committee, based on the annual reports submitted to the Administrator by the editors-in-chief of the journals, detailing the respective journal's operations. This report shall include the journal's budget, the number of subscriptions and their nature, the number of articles received and published each year, descriptions of symposia or other special events, the intra-quartile distribution of GPA's, and any other information the Committee deems pertinent to the College's decision to continue to officially recognize the journal. The Academic Standards Committee will then report its recommendations and conclusions to the Faculty. The Committee at any time may recommend to the Faculty the withdrawal of official recognition of a journal if, based on the facts and circumstances listed above, the Committee determines such action is warranted. The Faculty will then vote on such recommendation.

D. Clinics

2701. **Description of clinics.** Clinics are comprised of a classroom component and a fieldwork component. To participate in a clinic, a student must enroll concurrently in both components.
2702. **Eligibility.** A student in good academic standing who has completed the third semester of law school may enroll in any Hastings clinic or an approved clinic at another ABA/AALS accredited law school. A student in good academic standing who has completed the second semester of law school may enroll in a Hastings in-house clinic.
2703. **Grading.** A clinic's classroom component is a graded, non-GPA course. Credit for the fieldwork component is granted on a Credit/No-Credit basis.
2704. **Restrictions.** Students enrolled in a clinic may not enroll in a second clinic or an externship in a single semester. This restriction may be waived with the approval of the Associate Academic Dean for good cause.

E. Externships

2801. **Description of Externships.** Externships are comprised of a three or four unit academic component and a fieldwork component. A student must concurrently enroll in both components. The academic component consists of the following three elements:
- a. Completion of a prerequisite or co-requisite course of two or three units from a list of designated courses or of an alternative course approved on a case-by-case basis by the Associate Dean for Experiential Learning.
 - c. Enrollment in the externship classroom component, for which one unit of credit may once be earned.
 - d. Completion of assigned reflective writing assignments, in accordance with the instructions of the designated faculty supervisor, regarding the externship experience.
2802. **Eligibility: grade requirement.** Subject to the limitations set forth in §§2803-2804, a student in good academic standing may enroll in an externship.
2803. **Eligibility: three semesters.** Externships shall be open only to students who have completed at least three semesters of law school, except in exceptional circumstances approved by the Academic Dean.
2804. **Fieldwork eligibility.** A student who has completed three semesters of law school may earn a minimum of three units and a maximum of nine units for fieldwork as an extern at any trial or appellate court, including international or internationalized, or at selected administrative courts where there is an opportunity for significant participation in a quasi-judicial decision-making process, including research and writing. Externs with approved non-profit or governmental law offices may earn three or four units

for fieldwork.

2805. **Fieldwork outside the Greater Bay Area.** A student may work as an extern outside of the counties of San Francisco, Marin, Sonoma, Napa, Solano, Sacramento, Contra Costa, Alameda, Santa Clara, and San Mateo only with the advance permission of the Associate Dean for Experiential Learning. Such permission will be dependent upon the ability of a member of the Hastings faculty to comply with the program requirements during the semester in which the student is enrolled in the program.
2806. **Maximum credits: summer session.** A student who has completed at least the third semester of law school may earn a maximum of eight units, including one unit for the academic component, for an externship conducted during a regularly scheduled summer session.
2807. **Grading.** Credit for both the academic component and the fieldwork component of the externship shall be granted on a Credit/No-Credit basis.
2808. **Restrictions.** Students enrolled in an externship may not enroll in a second externship or a clinic in a single semester. This restriction may be waived with the approval of the Associate Dean for Experiential Learning for good cause.

F. Interscholastic Competitions

2850. **Credit for Interscholastic Competitions.** A second- or third-year student may earn up to two units per competition per semester for participation in an interscholastic competition approved by the College. The student shall complete all of the requirements for the competition and submit the brief or other competition writing to the faculty coach or academic program director for review and credit. A student may earn no more than eight units toward the J.D. degree for participation in interscholastic competitions.

G. Teaching Assistants

2875. **General Description.** Subject to the following requirements and restrictions, faculty members may award a credit to second and third-year students who assist them in the teaching of a class.
2876. **Requirements.** To receive credit for being a teaching assistant, a student must satisfy all of the following requirements:
- A. He or she must not have been the subject of any sanction under the Student Conduct Code.
 - B. He or she must have enrolled in, completed, and received a grade no lower than a B in the class for which he or she will be a teaching assistant or for an equivalent course expressly approved by the Academic Dean. Teaching assistants for the first-year Moot Court Program or for any other class mandatorily graded on a Credit/No-Credit basis must have received a CR.
 - C. He or she must attend at least 4 hours of training in teaching methods over the course of the semester. This training must include an emphasis on confidentiality in the student/teacher relationship.
 - D. He or she must meet weekly with the faculty member teaching the class. During these meetings the faculty member shall evaluate the teaching assistant's work and provide guidance to improve the quality of that work.
 - E. He or she must have substantial contact with students enrolled in the class for which he or she is a teaching assistant. Such contact should include both classroom instruction and office hours.

F. He or she must engage in substantial written work. This work should include both written feedback to students and the preparation of class materials. [But see section 2878 for restrictions.]

2877. **Academic Support Program.** Because teaching assistants who are used by the Academic Support Program are not assisting in the teaching of a specific class, they need not satisfy the requirements of section 2876 B. Furthermore, the student contact required by section 2876 E need not include classroom instruction.
2878. **Restrictions.** Teaching Assistants may not be involved in the process of awarding grades to students. All student work that a faculty member considers in awarding a grade for a class must be independently evaluated by the faculty member. Teaching assistants may not be involved in the preparation or evaluation of mid-term or final exams.
2879. **Approval by the Academic Dean.** Before a faculty member may employ teaching assistants for a course, the faculty member must demonstrate to the Academic Dean that he or she will be able to provide the teaching assistants with the opportunity to meet the requirements specified in § 2876. The Directors of the Legal Research and Writing Program, the Moot Court Program, LEOP, and the Academic Support Program are exempted from this requirement.
2880. **Credits.** Teaching Assistants receive a single credit. That credit is awarded on a Credit/No-Credit basis. Except with the permission of the Academic Dean, a student may receive no more than one credit per semester for being a teaching assistant. A student may earn no more than two credits towards the J.D. degree for providing teaching assistance, except that a student who earns at least two teaching assistant units in Legal Research and Writing, Moot Court, Appellate Advocacy, LEOP, or the Academic Support Program may earn a maximum of four teaching assistant units.

H. Research Assistants

2890. **General description.** Subject to the following requirements and restrictions, faculty members may award credit to second and third-year students who act as their research assistants. The research assistance that the student provides must meaningfully contribute to the student's education. Accordingly, the student's responsibilities may not primarily consist of non-substantive cite-checking or other clerical tasks.
2891. **Requirements.** To be eligible to receive credit for providing research assistance, a student must have a cumulative GPA of at least 2.5. This requirement may be waived by the Academic Dean under extraordinary circumstances.
2892. **Restrictions.** To receive credit, research assistants must not receive payment for their work.
2893. **Credits.** Research Assistants receive one or two credits per semester. That credit is awarded on a Credit/No-Credit basis. It is awarded for performing 45 hours of research assistance for a single credit or 90 hours of research assistance for two credits. A student may earn no more than two credits towards the J.D. degree for providing research assistance.
2894. **Faculty supervision.** Except with the approval of the Academic Dean, only Regular, Distinguished, In-House Clinical, and Long-Term Contract Faculty Members may award credits to research assistants. Except with the approval of the Academic Dean, a faculty member may award credit to no more than two research assistants in a single semester.

IX. LEAVES OF ABSENCE AND WITHDRAWAL.

2901. **Leaves of absence: bases.** With the permission of the Academic Dean, a student may take a leave of absence from the College for the following reasons:
1. The student is unable to complete a semester or to enroll in the following semester as a result

of medical, personal, or financial difficulties.

2. The student chooses to interrupt his or her studies during the student's second or third year at Hastings to fulfill the requirements of a joint degree program or to pursue another extraordinary educational opportunity.
3. The Academic Dean determines that there is other good cause for the leave of absence.

2902. **Leaves of absence: application procedure.** A student shall request a leave of absence from the Academic Dean no later than the beginning of the examination period of the semester during which the student wishes the requested leave to begin. A student who fails to request a leave of absence within this time, and who also fails to take a scheduled examination in any course without the Academic Dean's prior authorization, shall receive an administrative F for the course, or if the Academic Dean determines that there was good cause for the student's failure to take the examination, an administrative NC in such course.
2903. **Leaves of absence for first-year students: general rule.** The Academic Dean will normally grant a student who has not completed the fall semester of the first year a two-semester leave of absence. The Academic Dean will normally grant a student who has only completed the fall semester of the first-year and who wishes to take a leave of absence beginning with the spring semester a two-semester leave of absence.
2904. **Leaves of absence for fall semester first-year students.** In extraordinary circumstances, the Academic Dean may grant a student who has not completed the fall semester of the first year a one-semester leave of absence and permit the student to re-enroll in the spring semester. In such circumstances, the student may enroll only in one-semester first-year courses and must enroll in the remaining first-year courses in the following academic year.
2905. **Leaves of absence for spring semester first-year students.** In extraordinary circumstances, the Academic Dean may grant a student who has only completed the fall semester of the first-year a one-semester leave in the spring and allow the student to re-enroll in the following fall semester. In such a circumstance, the Academic Dean may require the student to re-enroll in and take the mid-term examinations in all year-long first-year courses. The final grade earned in any of the student's original fall one-semester classes shall remain on the student's transcript and shall be used in compiling the student's cumulative grade point average.
2906. **Leaves of absence for second- or third year students.** The Academic Dean may grant a second or third year student a leave of absence for one semester (which may be extended to a second consecutive semester by the Academic Dean) or two consecutive semesters (which may in extraordinary circumstances be extended by the Academic Dean).
2907. **Multiple leaves of absence.** The Academic Dean shall grant a student a second leave of absence (as distinguished from an extension of a previously granted leave of absence) only in exceptional and compelling circumstances. [See §402. Maximum years to qualify for degree.]
2908. **Withdrawal: application procedure.** The Academic Dean may approve a student's withdrawal from Hastings upon receipt of a request no later than the beginning of the examination period of the semester in which the withdrawal is requested, providing that the student is not subject to exclusion under the standards for continuation and graduation set out in §§1401-1605. A student who fails to request a withdrawal within this time and who fails to take a scheduled examination in any course without prior authorization of the Academic Dean shall receive an administrative F for the course, or if the Academic Dean determines that there was good cause for the student's failure to take the examination, an administrative NC in such courses.
2909. **Effect of withdrawal.** A student who has withdrawn from the College may re-enroll only after application and readmission to the College.

X. EXAMINATIONS.

A. Examination Schedule

3001. **Tentative schedule.** The Records Office shall publish a tentative examination schedule for all courses before enrollment for each semester commences.
3002. **Taking examination: general rule.** All examinations must be taken on the date and at the time set forth in the examination schedule, except when a delayed examination is authorized under §§3003 or 3004. No examination may be administered prior to the time set forth in the examination schedule.
3003. **Delayed taking: 24 hour rule.** A student may delay any examination that is scheduled to begin within 24 hours of the end of another of his or her examinations. The examination shall be delayed to the next regularly-scheduled make-up examination period. The Records Office shall delay an examination in accordance with this rule upon the request of a student.
3004. **Delayed taking: compelling reasons.** The Academic Dean may authorize a delay in a student's examination if the student submits compelling reasons for the delay based upon health reasons, accident, personal emergency, or other extraordinary circumstances.
3005. **Delayed taking for health reasons: required procedure.** A student who seeks a delay in an examination for health reasons must be seen by the Hastings Health Service. If it is not possible for the student to be seen by the Health Service prior to the examination, the student must either report to the Health Service as soon as practical or be seen by a private physician who will contact the Health Service. The Service will submit a memorandum to the Records Office that confirms the student's visit to the Health Service or a private physician and that sets forth a medical opinion about the student's condition.
3006. **Delayed taking for non-health reasons: required procedure.** All requests for delays in examinations for extraordinary circumstances other than health must be approved by the Academic Dean.
3007. **Delayed taking: final date.** All delayed examinations must be taken by the close of the examination period for that semester, unless otherwise authorized by the Academic Dean.
3008. **Failure to take examination: administrative NC.** A student who, without authorization, fails to take an examination shall receive an administrative F for the course, or if the Academic Dean determines that there was good cause for the student's failure to take the examination, an administrative NC for the course.

B. Rules Applicable During Examinations

3101. **Assigned rooms.** Except for take-home examinations, all students shall write or type their examinations in the rooms assigned by the Records Office. Each student shall sign-in and sign-out of the examination room as directed by the examination proctors.
3102. **Use of materials by examinees.** Except for "open book" or "open-note" examinations as authorized in writing by the instructor, students shall not consult any books, notes, papers, computer files, or other materials during the examination.
3103. **Beginning and ending writing.** No student may begin writing or typing an examination until the proctor has issued an instruction to begin. Every examinee will stop writing or typing immediately upon announcement by the proctor that the examination has ended.
3104. **Communication only with proctor.** All questions and requests for clarification during an examination shall be directed to the proctor. No student shall converse with another for any purpose in an examination room after an examination has begun.

3105. **Leaving room during examination.** After an examination has begun, a student may leave the examination room for the purpose of going to a restroom or relaxing in a nearby corridor. Under no circumstances may a student leave the building during the course of an examination until his or her examination materials have been turned in to the proctor.
3106. **Delayed takers: no communication regarding examination.** A student who is authorized to take a delayed examination shall not ask any student who has taken the examination about the contents thereof and shall take all necessary measures to avoid overhearing discussions about the contents of the examination.
3107. **Past examinees: no communication with delayed takers.** A student who has taken an examination shall not reveal or discuss the contents of the examination with any student in the class whom the former knows has not yet taken the examination.
3108. **Violations of regulations: discipline.** A student who violates §§3001-3109 or who violates one of the examination rules promulgated by the Records Office or the Academic Dean has also violated §52.00 of the Code of Student Conduct and therefore is subject to discipline in accordance with the provisions of that Code.
3109. **Additional policies and procedures.** The Records Office and the Academic Dean shall have authority to publish other policies and procedures to govern the administration of examinations and shall make such rules available in writing to all students.

XI. LL.M. PROGRAM.

A. General

4001. **General.** These regulations are applicable to students who are candidates for the Hastings LL.M. degree. Except as expressly provided to the contrary in this part, the Academic Regulations set forth in parts I through X also shall apply to LL.M. students.

B. Residency and Graduation Requirements

4002. **General requirements for LL.M. degree.** A student must enroll in and receive a grade of P or better in 24 units of course work at the College to qualify for a Hastings LL.M. degree. Except as otherwise provided in this section, with the approval of the Academic Dean and the Associate Dean for Global Programs, a candidate for the LL.M. degree who has successfully completed a course of at least two units in a summer program offered by the College taken during either summer session in the summer immediately prior to attending the mandatory orientation program for LL.M. students may graduate after receiving a grade of P or better in 22 units of course work at the College. All units for courses taken at the College successfully completed by a candidate for the LL.M. degree in any subsequent summer will count toward the units required by § 4002. If transfer credits have been approved by the Associate Dean for Global Programs and the Academic Dean pursuant to § 4015, a student may qualify for the LL.M. degree after enrolling in and receiving a grade of P or better (or the equivalent from another ABA approved U.S. law school) in 24 units of course work, provided that at least 15 units are completed at the College.

An LL.M. candidate who previously attended the College under one of its foreign exchange programs may receive academic credit towards the LL.M. degree for courses in which the candidate previously received a grade of not less than "P". The course for which the candidate may receive credit must have been taken within six (6) academic years prior to the date of the candidate's matriculation into the LL.M. program. An LL.M. candidate who previously studied at the College under one of the exchange programs remains subject to Rule 4004.

4003. **Required courses.** During the first semester, each student must enroll in and receive a grade of P or better in at least one course offered to first year J.D. students—Civil Procedure I, Contracts, Criminal Law, Property, Torts or Constitutional Law I—or Civil Procedure II or Constitutional Law II. This

requirement may be waived with the written permission of the Associate Dean for Global Programs. Each student also must enroll in and receive a grade of P or better in the Legal Writing and Research class for Master's Students and Introduction to Law for Master's Students. Enrollment in Legal Writing and Research for Master's Students and/or Introduction to Law for Master's Students may be waived with the written permission of the Associate Dean for Global Programs upon having successfully completed a substantially similar course or courses at an ABA approved U.S. law school within six (6) academic years prior to the date of the candidate's matriculation in the LL.M. program. In addition, each student must attend the orientation program for LL.M. students.

If a student applies for transfer credit from an accredited U.S. law school pursuant to § 4015, the Associate Dean for Global Programs, in consultation with the Academic Dean, may deem these requirements satisfied by the completion of equivalent coursework that are included as part of the requested transfer credits.

4004. **Maximum semesters of enrollment.** Except as provided in this section, students shall complete the requirements for the LL.M. degree in two semesters. With the permission of the Associate Dean for Global Programs, a candidate in good standing for the LL.M. degree may elect to enroll in up to two additional semesters. A candidate for a Hastings LL.M. degree may not be enrolled at Hastings for more than four semesters.
4005. **Maximum years to qualify for degree.** All students must complete the requirements for a Hastings LL.M. degree within two years of commencement of studies at the College. In extraordinary circumstances, the Academic Dean may extend this period for up to one year.
4006. **Minimum and maximum course loads.** A student may enroll in a minimum of eleven units and a maximum of fifteen units each semester. In extraordinary circumstances, the Academic Dean may permit a student to enroll in as few as six units or as many as sixteen units in one semester. With the permission of the Academic Dean, an LL.M. student in their final semester may be exempted from the minimum course load requirement described here.

C. Enrollment

4007. **Eligible courses.** Subject to the requirements of §4003, students may enroll in all courses, seminars, and non-GPA courses offered by the College except for judicial externships. The Associate Dean for Global Programs may designate additional courses in which students may not enroll.
4008. **Clinics.** Students may enroll in a clinical course only if the faculty designates the course as open for enrollment by LL.M. students.
4009. **Independent studies.** A student may enroll in no more than two independent studies and may earn no more than two units of credit for each independent study. Independent studies shall be subject to the requirements of §§ 2401, 2402 and 2405.
4010. **Research Assistants.** A student may enroll in no more than two credits towards the LL.M. degree for providing research assistance. Credit for research assistance shall be subject to the requirements of §§ 2890, and 2892-2894.
4011. **Approval of Associate Dean for Global Programs.** The Associate Dean for Global Programs shall approve each student's proposed schedule before the student may enroll.
4012. **Exclusion from minimum GPA requirements.** There are no minimum grade point average requirements applicable to the enrollment of LL.M. students.

D. Grading and Credit

4013. **Grading scale.** Students shall be graded according to the following system: (E) for excellent or outstanding performance; (VG) for very good or very creditable performance; (G) for good or average

performance; (P) for passing or acceptable performance; and (NP) for not passing or unacceptable performance.

4014. **Exclusion from grade normalization.** The final examination answers, papers, and other written work of LL.M. students shall be excluded from the grade normalization processes that govern the assignment of grades to J.D. students in the same course or seminar. [See §§1001-1005]
4015. **Credit.** No unit credit shall be awarded for any course, seminar, non-GPA course, or independent study for which a student receives a grade of NP.
4016. **Transfer Credit.** If approved by the Academic Dean on a case-by-case basis, and subject to the requirements of §§ 4002-4003, a student may transfer credits earned during one semester of study toward an LL.M. at an ABA approved U.S. law school. If approved by the Academic Dean on a case-by-case basis, a student may transfer up to four semester-equivalent units from classes taken at UCSF after matriculation at the College that are integrally related to his or her LL.M. degree program. If approved by the Associate Dean for Global Programs and the Academic Dean on a case-by-case basis, and subject to the requirements of §§ 4002-4003, a J.D. student may transfer all credits earned as a J.D. candidate at UC Hastings towards the Hastings LL.M. degree. A student may not otherwise transfer units earned at another institution of higher education for credit toward the Hastings LL.M. degree.

E. Examinations

4017. **English as a second language.** Unless English is their native language, or they have previously received a high school or university degree from an institution at which English is the principal language of instruction, candidates for the LL.M. degree and foreign exchange students are entitled to receive (a) one additional hour to complete each final examination, and (b) additional time to complete each quiz or midterm in an amount equal to the lesser of (i) one hour, or (ii) half of the regularly scheduled time allotted for students to complete such quiz or midterm exam. No additional time will be afforded for take-home examinations.
4018. **Use of a dictionary.** Students who received their primary law degree from an institution of higher education at which English is not the principal language may use a dictionary while taking each examination.

F. Leaves of Absence and Withdrawal

4019. **Leaves of Absence.** Subject to the residency requirements of §§4004 and 4005, a student may ask permission from the Associate Dean for Global Programs to take a leave of absence. If the Associate Dean approves the request, he or she shall notify the Academic Dean and the Director of Records in writing and shall state the terms and conditions applicable to the leave.
4020. **Withdrawal.** The Academic Dean may authorize a student to withdraw from the College. A student who receives permission to withdraw may re-enroll only after reapplication and readmission to the College.

G. Disqualification

4021. **Academic disqualification.** A student who receives a grade of NP in two or more courses, seminars, non-GPA courses, or independent studies shall be academically disqualified from the College.
4022. **Petition for readmission.** A student who is academically disqualified may petition the Academic Dean for readmission to the LL.M. Program. The Academic Dean shall consult with the Associate Dean for Global Programs. The Academic Dean may grant readmission only if the petitioner proves that there were compelling reasons to explain the academic disqualification (such as personal illness, family emergency, war, or natural disaster) and the Academic Dean concludes that the petitioner will satisfy the requirements for a Hastings LL.M. degree if readmitted. The Academic Dean shall notify the

petitioner in writing of the decision. If the student is readmitted, the Academic Dean shall set forth the terms and conditions applicable to the readmission. The decision of the Academic Dean is final and shall not be subject to review.

H. Miscellaneous

4023. **Employment.** A student shall not be employed in any job that detracts from the student's work toward the Hastings LL.M. degree and, under no circumstances, shall a student who is enrolled in twelve or more units be employed for more than an average of twenty hours per week when classes are in session or the student is preparing for examinations.

4024. **Inapplicable regulations.** Except as explicitly provided herein, §§ 101-402, 601-704, 901-1005, and 1401-2909 are inapplicable to students enrolled in the LL.M. Program.

4025. **Degree Honors.** An LL.M. graduate may receive the awards of summa cum laude, magna cum laude, and cum laude according to the following criteria:

XII. MASTER OF STUDIES IN LAW (MSL) PROGRAM

A. General

5001. **General.** These regulations are applicable to students who are candidates for the Hastings MSL degree. Except as expressly provided to the contrary in this part, the Academic Regulations set forth in parts I through X shall apply to MSL students.

B. Residency and Graduation Requirements

5002. **General requirements for MSL degree.** A student must enroll in and receive a grade of P in 28 units of course work at the College to qualify for a UC Hastings MSL degree. With the permission of the Associate Academic Dean and the Director of the MSL Program, a student enrolled in the MSL Program may take up to two units at another ABA accredited institution and, upon receiving a P or better, apply those credits to the requirements of the UC Hastings MSL degree.

5003. **Required courses.** Each student must enroll in and receive a grade of P in at least one course offered to first year J.D. students—Civil Procedure I, Constitutional Law I, Contracts, Criminal Law, Property, or Torts. With the written permission of the Director of the MSL Program and the student's faculty advisor, Constitutional Law II may also satisfy the requirement that each student enroll in and receive a grade of

P in a first year J.D. course. Each student also must enroll in and receive a grade of P in the Legal Writing and Research class for Master's Students and the Introduction to Law for Master's Students course during the first semester of study. Enrollment in Legal Writing and Research for Master's Students and Introduction to Law for Master's Students may be waived with the written permission of the Academic Dean for any J.D. student who successfully transfers to the MSL Program upon having successfully completed substantially similar courses at the College. Students must fulfill the Writing Requirement as codified in section 703 to these regulations. The instructor's approval that the requirements have been met, as included in subsection 703(g), will confirm that the student received a grade of P or better on the final draft of the paper. In addition, each student is invited and strongly encouraged to attend the orientation program for MSL students and the subject matter lectures offered as part of the orientation program for International LL.M. students.

5004. **Full Time or Part Time.** A student may be admitted on either a full time or a part time basis.
5005. **Minimum and maximum course loads for Full-Time.** Full-time is typically twelve to fourteen units each semester, with a minimum of twelve and a maximum of sixteen units each semester.
5006. **Minimum course load for Part-Time.** A part-time MSL student must enroll in a minimum of six units a semester in order to be eligible for financial aid.
5007. **Maximum years to qualify for degree.** Full-time students will be expected to complete their degree requirements in one academic year (two consecutive semesters). However, if circumstances warrant, and with the permission of the Director of the MSL Program, a student may switch his or her status from full-time to part-time. Part-time MSL students must complete the requirements for a Hastings MSL degree within four years of commencement of studies at the College. Part-time students may change their status from part-time to full-time with the permission of the Director of the MSL Program.

C. Enrollment

5008. **Eligible courses.** Subject to the requirements of §5003, students may enroll in all courses, seminars, and non-GPA courses offered by the College except for judicial externships. The Director of the MSL Program may designate additional courses in which students may not enroll.
5009. **Clinics.** Students may not enroll in a clinical course or legal externship without permission of the instructor.
5010. **Independent studies.** A student may enroll in no more than two independent studies and may earn no more than two units of credit for each independent study. Independent studies shall be subject to the requirements of §§ 2401, 2402 and 2405.
5011. **Research Assistants.** A student may enroll in no more than two credits towards the MSL degree for providing research assistance. Credit for research assistance shall be subject to the requirements of §§ 2890, and 2892-2894.
5012. **Approval of Director of MSL Program.** The Director of the MSL Program shall approve each student's proposed schedule before the student may enroll.
5013. **Exclusion from minimum GPA requirements.** There are no minimum grade point average requirements applicable to the enrollment of MSL students.

D. Grading and Credit

5014. **Grading scale.** Students shall be graded according to the following system: (HH) for High Honors; (H) for Honors; (P) for Pass; or (NP) for No Pass.

5015. **Exclusion from grade normalization.** The final examination answers, papers, and other written work of MSL students shall be excluded from the grade normalization processes that govern the assignment of grades to J.D. students in the same course or seminar. [See §§ 1001-1005]
5016. **Credit.** No unit credit shall be awarded for any course, seminar, non-GPA course, or independent study for which a student receives a grade of NP.
5017. **Transfer credit.** A student may transfer up to 6 semester-equivalent units from classes taken at UCSF that are integrally related to his or her MSL degree program. These units must be approved by the Associate Academic Dean and the Director of the MSL Program. This provision does not apply to units taken prior to matriculation at the College.
5018. **MSL and J.D. credits.** Credits earned as an MSL candidate cannot be applied to earning a J.D. degree. Students in the MSL program interested in enrolling in the J.D. program must apply through the regular admissions process for the College. If approved by both the Director of the MSL Program and the Academic Dean on a case-by-case basis, and subject to the requirement of §§ 5002-5003, a J.D. student may transfer all credits earned as a J.D. candidate at UC Hastings towards the UC Hastings MSL degree. Any successful candidate for transfer from the J.D. program to the MSL Program must meet the qualifications for admission that would otherwise be required for an MSL applicant.

E. Examinations

5019. **English as a second language.** Unless English is their native language, or they have previously received a high school or university degree from an institution at which English is the principal language of instruction, candidates for the MSL degree are entitled to receive (a) one additional hour to complete each final examination, and (b) additional time to complete each quiz or midterm in an amount equal to the lesser of (i) one hour, or (ii) half of the regularly scheduled time allotted for students to complete such quiz or midterm exam. No additional time will be afforded for take-home examinations.
5020. **Use of a dictionary.** Students who received their primary law degree from an institution of higher education at which English is not the principal language may use a dictionary while taking each examination.

F. Leaves of Absence and Withdrawal

5021. **Leaves of absence.** Subject to the residency requirements of §§5004 and 5005, a student may ask permission from the Director of the MSL Program to take a leave of absence. If the MSL Director approves the request, he or she shall notify the Academic Dean and the Director of Records in writing and shall state the terms and conditions applicable to the leave.
5022. **Withdrawal.** The Academic Dean may authorize a student to withdraw from the College. A student who receives permission to withdraw may re-enroll only after reapplication and readmission to the College.

G. Disqualification

5023. **Academic disqualification.** A student who receives a grade of NP in two or more courses, seminars, non-GPA courses, or independent studies shall be academically disqualified from the College.
5024. **Petition for readmission.** A student who is academically disqualified may petition the Academic Dean for readmission to the MSL Program. The Academic Dean shall consult with the Director of the MSL Program. The Academic Dean may grant readmission only if the petitioner proves that there were compelling reasons to explain the academic disqualification (such as personal illness, family emergency, war, or natural disaster) and the Academic Dean concludes that the petitioner will satisfy the requirements for a Hastings MSL degree if readmitted. The Academic Dean shall notify the petitioner in writing of the decision. If the student is readmitted, the Academic Dean shall set forth the terms and conditions applicable to the readmission. The decision of the Academic Dean is final and shall not be subject to review.

H. Miscellaneous

5025. **Employment.** The part-time MSL program is meant to accommodate working professionals. However, given the intensive nature of the course work, full-time students are not encouraged to work during the academic year.
5026. **Inapplicable regulations.** Except as explicitly provided herein, §§101-402, 601-704, 901-1005, and 1401-2909 are inapplicable to students enrolled in the MSL Program.
5027. **Pro Bono recognition.**
1. Pro Bono Society – students who complete at least 15 hours of pro bono services during their tenure at Hastings, subject to the approval of the Director of Externships and Pro Bono Programs, will be recognized as members of the Pro Bono Society at graduation and on their transcripts.
 2. Outstanding Achievement in Pro Bono – students who complete 50 hours of pro bono services during their tenure years at Hastings, subject to the approval of the Director of Externships and Pro Bono Programs, will be recognized for Outstanding Achievement in Pro Bono at graduation and on their transcripts.

XIII. MASTER OF SCIENCE IN HEALTH POLICY AND LAW PROGRAM

A. General

6001. **General.** These regulations are applicable to students who are candidates for the Master of Science in Health Policy & Law Degree, which is jointly-conferred and governed by the University of California, San Francisco (UCSF) and UC Hastings College of the Law.

B. Interpretation and Application

6002. **Interpretation and Application.** The HPL Program Directors shall jointly interpret and apply these regulations, with any conflicts or ambiguities to be resolved by a joint conference of the UC Hastings Academic Dean and the Dean of the Graduate Division of UCSF. The HPL Program Directors, the UC Hastings Academic Dean and the Dean of the Graduate Division of UCSF shall interpret and apply these regulations in accordance with all applicable laws including, but not limited to, laws establishing the rights of persons with disabilities.

C. Attendance

6003. **Definition of attendance in the online program.** Student “attendance” in an online HPL course is defined as active participation in the course as described in the course syllabus. Instructors are responsible for providing students with clear instructions for how they are required to participate in the course. Additionally, instructors are responsible for incorporating specific instructional activities within their course and will, at a minimum, have weekly mechanisms for documenting student participation. These mechanisms may include, but are not limited to, participating in a weekly discussion board, completing and submitting assignments, or communicating with the instructor.
6004. **Tracking of attendance.** Student activities are readily tracked and documented through the HPL learning management system. Documenting that a student has logged into an online class or website is not sufficient, by itself, to demonstrate academic attendance by the student. For example, if a student simply logs into an online course and logs out, without any further activity, the student did not attend the online class on that day.

D. Graduation Requirements

6005. **Graduation Requirements for the MS HPL degree.** A student must enroll in and receive a cumulative grade of 3.0 or better in 36 quarter units of MS HPL coursework to qualify for the UCSF/UC Hastings MS HPL degree. Students must also complete a comprehensive capstone project that is completed and graded within the HPL Seminar.
6006. **Required courses.** Each student must enroll in and receive a cumulative grade of 3.0 in all HPL core courses (24 quarter units) as defined by the HPL Curriculum Committee and listed in the student handbook. In addition to successful completion of the core courses, students must also enroll in and receive a cumulative grade of 3.0 or better in 12 quarter units of courses required by or chosen within the student's track (Policy Track or Law Track).
6007. **Full Time or Part Time.** A student may be admitted on either a full time or a part time basis.
6008. **Course loads for Full-Time.** Full-time is typically seven to eleven units each quarter.
6009. **Minimum course load for Part-Time.** A part-time MS HPL student must enroll in a minimum of four units a quarter.
6010. **Maximum years to qualify for degree.** Full-time students will be expected to complete their degree requirements in one year (four consecutive quarters). However, if circumstances warrant, and with the permission of the Program Directors of the MS HPL program, a student may switch his or her status from full-time to part-time. Part-time MS HPL students must complete the requirement.

E. Enrollment & Eligible Courses

6011. **Academic and registration calendar.** The HPL degree program operates on a four-quarter academic year. Students shall enroll in coursework according to the registration calendar established for the HPL Program and administered through UCSF Office of the Registrar. HPL students shall not be subject to the UC Hastings academic or registration calendar.
6012. **HPL tracks.** Before the end of the second quarter of enrollment in the program and after consultation with the Program Directors, a student shall declare either the Law Track or the Policy Track. Students shall only enroll in coursework prescribed or available within their chosen track. Students shall not be permitted to enroll in courses available in the track without the prior consent of the Program Directors.
6013. **Non-HPL courses at UCSF and UC Hastings.** Students shall not be permitted to enroll in coursework offered outside of the HPL Program at either UC Hastings or UCSF without the prior consent of the Program Directors.
6014. **Changes in course schedule.** Any student who wishes to make changes to his/her course schedule must do so by the filing deadline posted on the UCSF Registrar's website. After a filing period ends, a student may change their course schedule only by submitting a Study List Change Petition to the UCSF Registrar.

F. Grading and Credit

6015. **Quarter units.** All units in the HPL program are quarter units, which shall be awarded through the UCSF Office of the Registrar. HPL students are exempt from the UC Hastings semester unit system, grading scale, and JD curve.
6016. **Grade point equivalents.** Points are assigned for grades on the following basis for purposes of computing the grade point average: A = 4.0; B = 3.0; C = 2.0; D = 1.0; F = 0.
6017. **Grading scale.** Students shall be awarded letter grades for all courses, with the exception of the second and third quarters of the HPL Seminar, for which they will be graded on a Pass/Fail basis.

6018. **Credit.** No unit credit shall be awarded for any course for which a student receives a grade of F.
6019. **Incompletes.** An incomplete grade (I) is assigned when a student's work is of passing quality but incomplete for good cause. An incomplete grade must be removed within one calendar year. If it is not removed, the grade of F will be assigned.
6020. **Changes in grades.** Grade corrections shall only be made on the basis of procedural or administrative error. Instructors can submit grade corrections by sending an e-mail to the UCSF Associate Registrar. The email must explain the error and identify the course, quarter, old grade, new grade, and student name. The Office of the Registrar will then solicit concurrence from the HPL Program Directors.
6021. **Transfer credit.** Students shall not be permitted to transfer credits earned through other degree programs, including those at UC Hastings or UCSF, to meet the requirements of the MS HPL degree.
6022. **HPL credit applied toward other degrees:** Students shall not be permitted to apply HPL credits toward a JD degree at UC Hastings College of the Law or toward any degree at UCSF.

G. Leaves of Absence and Withdrawal

6023. **Leaves of absence.** Any leave of absence must be approved by the MS HPL Program Directors, Dean of the Graduate Division at UCSF and Academic Dean of UC Hastings. Students in satisfactory academic standing taking a leave of absence for less than one year (four consecutive quarters) can reenter the program in any subsequent quarter.
6024. **Withdrawal.** The Program Directors may authorize a student to withdraw from the program. A student who receives permission to withdraw may only re-enroll only after reapplication and readmission to the MS HPL program.

H. Dismissal

6025. **Academic dismissal.** Students who fails to receive a cumulative 3.0 GPA in any quarter shall be subject to the procedures contained in this section.
6026. **Initial screening.** A student eligible for dismissal will receive formal notice that his/her performance does not meet HPL program standards and s/he therefore is referred to a committee charged with an in-depth review of academic performance and consideration of dismissal. This information will be transmitted in writing and conveyed electronically or in person. This notice will inform the student of his/her right to submit information for the committee's consideration. The notice will include the specific reasons for the referral, the rules and procedures governing the committee's deliberations, the student's right to review and request a copy of his/her educational record, and the written information that will be provided by the school to the in-depth review committee.
6027. **In-depth review and dismissal decision.** The HPL Directors shall convene an in-depth review committee. This committee shall consist of faculty members within the HPL Program who are knowledgeable about the academic program and student performance standards, and may include academic officers of the school as long as they number in the minority of those committee members present at the review hearing. A quorum (two-thirds of committee membership) must be present to conduct the academic review.

The HPL Directors will establish and communicate to the student the meeting date for the in-depth review, to occur no sooner than 15 working days after the student is notified of the action. The term "working days" is based on UCSF's academic and administrative calendar.

The student will receive a copy of his/her record of academic performance within five working days following notification of eligibility for dismissal.

The in-depth review committee shall undertake a comprehensive review of the entire academic performance of the student.

The student may submit additional written information, including information from other individuals, and may address any aspect of his or her academic performance in writing to the review committee. The student will submit any such additional information at least five working days before the committee meeting.

The HPL Directors will provide the student and the review committee with any additional information provided by the student and the school five working days before the committee meeting.

If further relevant material becomes available within five working days of the meeting, it shall be provided by the school to both the review committee and the student.

The student will be invited to attend a portion of the committee meeting in order to make a statement and answer questions from the committee. The student may bring another person to the meeting for personal support but this person may not be an attorney representing the student and may not speak unless requested to do so by the committee.

The committee will carefully deliberate and review the student's entire academic record and professional performance. Based on their review, the in-depth review committee shall make one of the following determinations:

- 1) Allow the student to continue in the program with specific conditions and a timeline for remediation, and established dates for review of compliance with those conditions and timeline.
- 2) Offer or mandate a leave of absence with specific conditions and a timeline for return, and established dates to review compliance with the conditions and timeline.
- 3) Confirm dismissal.

All decisions require a majority vote of the members present.

The committee will prepare a letter that includes an explanation of its findings and decision to the chief academic officer.

The chief academic officer will notify the student of the decision and its basis in writing, electronically or in person. A dismissal becomes effective as of the date of notification and a dismissed student is immediately dis-enrolled, even if pursuing an appeal.

6028. **Appeal.** There is no appeal of an in-depth review committee decision to continue the student in the program or mandate a leave of absence, or any conditions or timelines associated with those decisions.

There are only two grounds for a student to appeal a dismissal decision:

- 1) Factual errors in the record that were not identified at the in-depth review committee meeting, if such failure would have changed the committee's decision.
- 2) Failure of the committee to follow the procedure set forth in this section, if such failure would have changed the committee's decision.

An appeal must be made in writing to the UCSF Dean of the Graduate Division *and* the UC Hastings Academic Dean within 10 working days of the student being notified of dismissal. The appeal must specify which of the above two grounds for appeal applies and must set forth specific facts to explain why, with any supporting materials.

The UCSF Dean of the Graduate Division and the UC Hastings Academic Dean will jointly determine if

there are grounds to reconsider the in-depth review committee dismissal decision. If there are grounds for reconsideration, the Deans may modify the in-depth review committee's decision; and will provide the in-depth review committee members with a report of his/her actions. The Deans will notify the student in writing of the decision. The decision will be final and will conclude the grievance and appeal procedure.

50.00 STUDENT CONDUCT AND DISCIPLINE - REGULATIONS

51.00 Student Conduct and Discipline - Policy

The students of the University of California, Hastings College of the Law, as future members of a profession responsible for the administration of justice, shall adhere to the following principles:

It is essential to the welfare of the legal profession and the people it serves that the integrity of all the profession's members and future members remain above reproach.

Each student has an obligation to meet the ethical standards of the legal profession.

The personal and property rights of every student, faculty member, academic or administrative staff member, organization or group thereof and the College itself, shall be respected.

Students should respect and not infringe upon the rights of all students to be free from any violence or intimidation by threat of violence, committed against their persons or property because of their race, color, religion, ancestry, national origin, sex, sexual orientation, age or disability.

52.00 Student Conduct and Discipline - Jurisdiction

Jurisdiction over Student Conduct

Discipline may be imposed when conduct in violation of College policies or regulations subverts the

mission of the College, adversely affects the careers, educational or working environment or well-being of any member of the College community or demonstrates the student's failure to meet the ethical standards of the legal profession.

Discipline may be imposed whether or not conduct in violation of College policies or regulations is also a violation of law and whether or not that conduct is or has been the subject of any judicial or administrative proceeding.

As used in these regulations, the term "member of the College community" shall mean any student, faculty member, or academic or administrative staff member.

Student Conduct Subject to Discipline

Conduct inconsistent with the policies articulated above is subject to discipline and includes the following:

Any conduct that constitutes a violation of criminal law and demonstrates a failure to meet the ethical standards of the legal profession.

Dishonesty, cheating, plagiarism, misrepresenting one's record or résumé when seeking a benefit or employment or knowingly furnishing false information to the College. In addition to the conduct customarily regarded as cheating, conduct of the following types shall also be deemed in violation of the prohibition against cheating: (1) turning in any examination or assignment which is not entirely the student's own work, unless otherwise expressly authorized; (2) referring to any material during an examination or in an assignment to which reference is not authorized; (3) violating the security provisions of Hastings' examination rules; and (4) submitting to obtain academic credit, without express authorization, a work product which is the same or essentially duplicative in language or research to a work product submitted for other academic credit or created in the course of employment.

Forgery, alteration or misuse of College documents, records, keys or identifications.

Theft, conversion, destruction of or damages to any property belonging to the College or located on its premises or to any property of a member of the College community.

Obstruction or disruption of teaching, research, administration, disciplinary procedures or other College activities.

Violation of College policies or regulations governing residence in or use of College property.

Physical abuse, threats of violence or other conduct that threatens the health, safety or well-being of any member of the College community, any person on College property or in connection with official College functions.

Disorderly or lewd conduct on College property or at an official College function.

Engaging in conduct constituting sexual harassment, as defined in Hastings' Policy and Procedure on Sexual Harassment.

Willful participation in a disturbance of the peace or unlawful assembly on College property or at an official College function.

Failure to comply with directions of a College official or other public officials acting in the performance of their duties while on College property or at official College functions or resisting or obstructing those officials in the performance or attempted performance of their duties.

The illegal use, possession, sale, manufacture or the illegal attempt to use, possess, sell or manufacture narcotics, illegal or controlled substances or alcoholic beverages on College property or at official College functions.

Violation of any interim or final sanction under these rules.

Violation of the College's Recording Policy.

Mental Health Disturbance Policy

The Academic Dean has the authority to take administrative action in response to disruptive student conduct where the Academic Dean reasonably believes that the student's conduct may be caused by mental illness or psychological maladjustment that exceeds either reasonable stress reactions or the resources of the College to provide appropriate support. The administrative action may include mandatory evaluation, withdrawal from classes, removal from campus, and other requirements and conditions that the Academic Dean determines are appropriate.

A student who is subject to administrative action pursuant to this policy shall have the right to challenge the action by filing a student initiated grievance in accordance with §92.00 of the Policies and Regulations of the College (Student Conduct Code and Student Initiated Grievances). The grievance shall be filed with the Academic Dean. While the grievance is pending, the administrative action shall remain in effect unless modified or terminated by the Academic Dean.

53.00 Student Conduct and Discipline - Procedures

Initial Proceedings Before the Academic Dean

Any person may refer allegations of violations of these rules, orally or in writing, to the Academic Dean, who has the sole authority to initiate proceedings hereunder.

If the Academic Dean decides to initiate proceedings, he or she shall either dispose of the matter informally or refer it for hearing to a hearing committee of the Panel on Student Conduct or, at his or her discretion, to an outside hearing officer appointed for that purpose. These regulations shall apply in all respects to an outside hearing officer as if he or she were the hearing committee.

In disposing of an allegation informally, other than by its dismissal, the Academic Dean shall provide the accused student an opportunity to respond to the allegations. The Academic Dean may impose any of the sanctions authorized by these rules or make such other disposition as is deemed appropriate. The Academic Dean's disposition shall indicate whether or not the sanctions shall be noted on the student's transcript.

If the matter is handled informally and the accused student agrees with its disposition, the disposition shall be final. If the matter is handled informally and the accused student disagrees with its disposition, a hearing before a hearing committee of the Panel on Student conduct shall be convened at the student's written request, if received by the Academic Dean within 15 days of the disposition.

Before final action on an alleged violation, the Academic Dean may impose any appropriate sanction on an interim basis when there is reasonable cause to believe that such action is needed for protection of health, safety or welfare of members of the College community or to avoid disruption to the academic process. Notice shall be given expeditiously of action hereunder. When interim sanctions are imposed, the disciplinary process shall proceed expeditiously.

Panel on Student Conduct

Each year a panel of ten persons, including faculty, students and academic or administrative staff, shall be appointed to serve as members of the Panel on Student Conduct. The Academic Dean shall, after consultation with the faculty Executive Committee, appoint seven faculty and staff members to the panel. Three student members shall be selected by lot each spring by the Office of the Academic Dean from among the first and second year classes to serve the subsequent year. Each student so selected

shall be given the opportunity to decline after being informed of the nature and extent of the responsibility. Selection shall proceed until three students and three alternates (who will serve only if one or more of the student seats becomes vacant) have agreed to serve. One of the members shall be appointed to chair the Panel by the faculty Executive Committee after consultation with the Academic Dean.

When a hearing is required, the chair of the panel shall appoint three members of the panel, including one student, to serve as a hearing committee and shall designate one member as chair of the committee.

Hearing

The student shall be given written notice, within a reasonable time prior to the hearing, including a brief statement of the factual basis of the charges, the College policies or campus regulations allegedly violated and the time and place of the hearing.

The student and the College shall have the opportunity to present documents and witnesses and to confront and cross-examine witnesses.

The College shall bear the burden of proof by a preponderance of the evidence, except that a sanction of expulsion must be supported by clear and convincing evidence.

The College shall make an adequate record of the hearing by written memorandum, tape recording or otherwise.

The hearing shall be open unless the student, the College or a majority of the hearing committee requests that it be closed.

The hearing committee shall render an expeditious, written decision which shall include findings of fact, conclusions and, if appropriate, sanctions. The committee's decision shall indicate whether or not the sanctions shall be noted on the student's transcript.

Any relevant evidence may be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in federal or state civil actions.

The hearing committee may require that oral evidence shall be taken only on oath or affirmation. The hearing committee shall also have the discretion to prescribe its procedures for matters not addressed herein.

Appeal to the Dean

A disciplined student may appeal the decision of the hearing committee to the Dean of the College in writing within 30 days of the date of the decision.

On appeal, the Dean shall review the written decision of the hearing committee. The Dean may affirm or reverse the hearing committee's decision or reduce the sanctions it imposed. In any case, the Dean may request additional information and/or written argument from the student and the College.

The Dean shall issue a written decision, affirming, overruling or modifying the decision of the hearing committee. A copy shall be sent to the student and the members of the hearing committee.

If the Dean overrules or modifies in any respect the decision of the hearing committee, his or her written decision shall include the reasons for the modifications of the decision of the hearing committee. A copy of that decision shall be sent to the faculty Executive Committee. Upon appeal, the decision of the Dean of the College is final.

Annual Report

The Academic Dean shall issue a brief annual report to the faculty describing the disposition of matters arising hereunder, not including the names of the parties. The report shall be available for general inspection at the Office of the Academic Dean.

54.00 Student Conduct and Discipline - Sanctions

Any one or a combination of the following sanctions may be imposed for a violation of these regulations:

WARNING. Written notice to the student that a future violation of this Code of Student Conduct will be cause for disciplinary action as herein provided.

CENSURE. Written reprimand for a violation of this Code of Student Conduct.

EXCLUSION FROM ACTIVITIES. Exclusion from participation in designated classes or activities for a specified period.

SUSPENSION. Termination of student status for a specified period. Suspension may include exclusion from designated areas of the campus.

DISMISSAL. Permanent termination of student status.

INTERIM SUSPENSION. Exclusion from classes or from other designated activities or from designated areas of the campus, before final action on an alleged violation, when there is reasonable cause to believe that such action is in the best interest of the College.

RESTITUTION. Reimbursement to the injured person, organization or the College may be ordered for any violation of these rules.

GRADE REDUCTION. A student may be denied course credit or a grade may be reduced to an administrative "F" where the relevant misconduct consists of cheating on an examination, plagiarism in a paper, or other academic dishonesty.

Suspension and dismissal and any other sanctions ordered to be so noted, shall be noted on the student's official College transcript. When a sanction is noted on a student's transcript, the College will report that sanction to any state bar to which the student has previously been certified for admission. All disciplinary sanctions, whether or not noted on the student's transcript, will be reported to any licensing authority making inquiry.

A student shall not be excused from compliance with the Academic Regulations because of sanctions imposed hereunder. In imposing a sanction, the impact of this rule on the student shall be considered.

90.00 STUDENT INITIATED GRIEVANCE PROCEDURES

91.00 Any student who claims a violation of the rights listed under 91.10 through 91.50 below may file a written grievance with the Director of Student Relations and Services. Where appropriate, such allegations will be referred for hearing in accordance with the proceedings set out for hearings on student conduct; provided however, that the student shall bear the burden of proof.

91.10 Violation of the privacy rights accorded the student by the Federal Family Educational Rights and Privacy Act of 1974, the State of California Education Code, and the Hastings Policies Applying to the Disclosure of the Information from Student Records;

Informal Resolution

A student who believes that he or she has encountered a violation of the rights listed under §§91.10 through 91.50 or any other College policy is encouraged to notify the Director of Student Services as soon as possible after the incident. In the event that the party against whom the grievance is filed is the Director of Student Services, then the grievance shall be filed with the Academic Dean. The Director of Student Services in consultation with the Academic Dean may dispose of the matter informally or refer it for hearing to a hearing committee of the Panel on Student Grievances. The Panel on Student Grievances may be coextensive with the Panel on Student Conduct or may be selected using the procedures set forth in §53.00.

If the matter is handled informally and the aggrieved student agrees with its disposition, the disposition shall be final.

If the matter is handled informally and the aggrieved student disagrees with its disposition, a hearing before a hearing committee of the Panel on Student Grievance shall be held.

Before final action on a grievance, the Academic Dean may impose any appropriate measure on an interim basis when there is reasonable cause to believe that such action is needed for the health, safety, or welfare of the student or other members of the College community or to avoid disruption to the academic process. Notice shall be given expeditiously of action hereunder. Where interim measures are imposed, the grievance process shall proceed in an expedited manner.

Except as provided above, the parties to the grievance shall maintain the status quo and no services shall be removed or additional obligations imposed.

Hearing

The grievant and the respondent shall be given written notice, within a reasonable time prior to the hearing, including a brief statement of the factual basis of the grievance, the College policies or regulations in regard to the matter and the time and place of the hearing.

The student and the respondent shall have the opportunity to present documents and witnesses and to confront and cross-examine witnesses.

The College shall make an adequate record of the hearing by written memorandum, tape recording or otherwise.

The hearing shall be open unless the student, the College or a majority of the hearing committee requests that it be closed.

The hearing committee shall render an expeditious written decision which shall include findings of fact, conclusions, and, if appropriate, remedies.

The hearing committee shall have the discretion to prescribe its procedures for matters not addressed herein. For example, the hearing committee may require that:

- (a) Oral evidence shall be taken only on oath or affirmation, and/or
- (b) Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions.
- (c) The committee may seek independent testimony from experts whether or not the parties presented testimony from experts at the hearing.

Appeal to the Dean

An aggrieved student may appeal the decision of the hearing committee to the Dean of the College in writing within 30 days of the date of the decision.

On appeal, the Dean shall review the written decision of the hearing committee. The Dean may affirm or reverse or modify the hearing committee's decision.

The Dean shall issue a written decision affirming, overruling or modifying the decision of the hearing committee. A copy shall be sent to the student and the members of the hearing committee.

If the Dean overrules or modifies in any respect the decision of the hearing committee, his or her written decision shall include the reasons for the modification of the decision of the hearing committee.

Upon appeal, the decision of the Dean of the College is final.

Expedited Grievance Procedures

Expedited grievance procedures shall be utilized where there is a time-sensitive grievance, for example, a dispute over disabled student exam accommodations or matters related to an impending Bar examination.

In addition, any grievance may be designated for expedited grievance process by the Academic Dean or the Director of Student Services.

The informal resolutions process of expedited grievances shall be concluded within 3 days of the filing of the grievance. If the matter is not resolved informally within that time, the matter shall be referred to a hearing. The hearing committee shall be convened within 7 days of the referral for hearing.

The hearing committee shall issue a decision within 7 days after conclusion of the hearing. Any appeal to the Dean shall be made within 3 days of the date of the decision of the hearing committee. The Dean shall issue a written decision within 5 days of the appeal.

93.00 Student Initiated Grievance Procedures: Career Services

Nondiscrimination Policy. "The University of California, Hastings College of the Law, does not make its Career Services facilities available to employers who unlawfully discriminate in the selection of employees on the basis of national origin, race, religion, sex, sexual orientation, age, handicap, or any other basis prohibited by applicable law."

Employers are required to sign a statement of compliance before participating in any on-campus

interviewing program and when listing a position with Career Services. The College takes most seriously compliance with the nondiscrimination policy and will fully investigate complaints in order to enforce the policy.

Complaints Procedures. A student who believes that he or she has encountered a violation of the College's Nondiscrimination Policy during interviewing on campus or at another site is encouraged to notify the Director of Career Services as soon as possible after the incident.

Oral Complaint: A student may make an oral complaint to the Director of Career Services. The Director may, if appropriate, contact the employer to discuss the complaint and to clarify the employer's or the College's policies and/or practices. The student's identity shall be kept confidential if he or she desires.

Written Complaint: A student who wishes to have his or her complaint recorded and pursued may submit the complaint in writing to the Director of Career Services. The complaint shall specify the date of the occurrence, the name and address of the employer, the name of the representative of the employer with whom the complaint dealt, the employer's statements and/or practices upon which the complaint is based; and the specific manner in which statements or practices are alleged to violate the Nondiscrimination Policy. The written complaint also may set forth any other facts that the complainant deems relevant.

Upon receipt of a written complaint, the Director of Career Services shall have the authority to use the contents of the statement, according to his or her discretion as needed, to fully investigate the complaint. If the student's complaint provides a clear showing of a violation of the Nondiscrimination Policy, the Director of Career Services shall promptly inform the employer of the complaint and seek the employer's response to the complaint. The Director of Career Services shall make a determination based upon the complaint and investigation, or, has the option to refer the complaint to the Academic Dean, if the Director deems that the complaint so warrants.

If the student disagrees with the manner in which the matter has been determined by the Director of Career Services, or wishes to advocate sanctions against the employer, the student may request that the Academic Dean review the matter. This request shall be made in writing and submitted to the Academic Dean.

Consideration by the Academic Dean, Imposition of Sanctions. If either the Director of Career Services or the student/complainant wish the Academic Dean to review the complaint or its resolution, the Director of Career Services shall forward a copy of the written complaint and findings of the Director of Career Services to the Academic Dean.

The Director of Career Services shall give written notification to the employer that the complaint has been referred to the Academic Dean, and the employer with a copy of the complaint and a copy of the College's Nondiscrimination Policy, if these have not already been provided.

The Academic Dean shall review the complaint, the results of the Director's investigation and any other available relevant information, and determine whether sanctions against the employer are appropriate under the circumstances.

Sanctions may include, but are not limited to, an admonitory letter to the employer, publicizing the discriminatory conduct in connection with the employer's use of Career Services facilities, or barring the employer from further use of Career Services facilities for a specified period of time.

If the Academic Dean determines that sanctions should be imposed, he or she shall notify the employer of this determination and shall notify the employer that it has a right to request review of the determination in the form of a hearing before a Student Conduct Panel of three persons. If the employer requests a hearing, the employer may submit data concerning its interviewing and hiring practices and any other relevant information. The employer shall have a reasonable time to submit such information and, if it desires, an opportunity to be heard through oral testimony of witnesses. The Academic Dean shall forward to the Student Panel a copy of the student complaint, the Director's

findings and the Academic Dean's findings. The Student Conduct Panel shall review all the information submitted to it.

The Student Conduct Panel shall set forth its Findings of Fact and its recommendation for disposition of the matter and shall forward these findings and recommendations to the Academic Dean. If the Panel's findings and recommendation differ from the Academic Dean's initial determination to impose sanctions, the Academic Dean shall reconsider the imposition of sanctions in light of the Student Conduct Panel's findings and recommendations.

Recorded Reports. Career Services shall maintain confidential records of all written complaints for not less than three years. Records of Panel dispositions shall be available for general inspection for three years from the date of disposition.

A brief annual report will be completed by July 1 and sent to the faculty describing the disposition of matters arising under this policy. The names of the parties concerned will not be included.

DISABLED STUDENT INITIATED GRIEVANCE PROCEDURES

It is Hastings policy to ensure that no qualified student with a disability is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination, in any Hastings program or activity. Hastings is obligated to comply with Title II of the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973 (Section 504) and other federal and state laws and regulations pertaining to persons with disabilities.

Once a student notifies Hastings, through its Disability Resource Program, of the nature of his or her disability and that he or she is requesting accommodations, Hastings will engage the student in an interactive process to determine what modification, adjustment, aid or service may be appropriate to afford the student the opportunity to participate fully in Hastings' program or activities.

The College's Disabled Student Initiated Grievance Procedures may be used to address disputes concerning the accommodation process and other forms of discrimination based on disability, alleged to have occurred in any College program or activity. The procedure may also be used to address complaints of retaliation based on having filed or participated in a prior complaint of discrimination at the College.

Definitions

"Grievance" as used in this procedure means a written complaint by any student alleging discrimination on the basis of disability with respect to any College program or activity, including an alleged improper application of one or more the College's rules, regulations, or policies, or by specified improper actions of any individual affiliated with the College in the capacity of academic personnel, administrative or professional staff, or clerical or service staff.

"Student" as used in this procedure includes persons (1) who are registered for classes at the College at the time a grievance pursuant to this policy is initiated; (2) who were registered for classes at College at the time of the adverse occurrence that gave rise to the grievance; and (3) who have an offer of admission to the College.

Informal Resolution of Complaints

An individual with a potential grievance regarding the accommodation process or other disability discrimination issue is encouraged to work with the staff of the Disability Resource Program ("DRP") informally in an effort to expeditiously resolve the matter in order to minimize the problem's impact on the student's studies.

Students who have complaints involving DRP staff and/or DRP procedures and who wish to resolve them informally may direct such complaints to the Associate Academic Dean.

For discrimination issues not involving the accommodation process, students may wish to work directly with the Associate Academic Dean to attempt to informally resolve the matter.

Formal Grievance Procedures

If a complainant does not wish to use the informal process or in the event that the informal process is unsuccessful, a formal grievance may be initiated. The following procedure has been developed for use by students for purposes of grievances pursuant to the ADA and Section 504:

Step One

A) If informal discussion with appropriate Hastings personnel does not resolve the complaint, the student may submit a written grievance to the Director of Student Services within 45 days from the conclusion of the informal resolution or, if the informal process is not utilized, 45 days from the of the event(s) that triggered the grievance, or in the case of inaction, within 45 days from when the student with reasonable diligence should have known of the inaction. Hastings strongly recommends filing without delay; delay can affect the student's future studies at Hastings. The written grievance must include:

1. a clear and unequivocal statement of the Hastings rule(s), regulation(s), policy(ies), circumstances and/or action(s) of which the student complains;
2. the date of any action of which the student complains; [the date on which the discriminatory action occurred; or on which the complainant learned of the discriminatory action];
3. the names of all witnesses, including the Hastings employees involved; and
4. a summary of the action(s), if any, the student has taken to resolve the matter informally.

B) The Hastings 504/ADA Coordinator, the Director of Human Resources, shall meet with the student within ten (10) working days of the receipt of the grievance. If this meeting does not resolve the grievance, the Director of Human Resources will conduct an investigation of the subject of grievance with the objective of resolving the grievance. The investigation will include gathering relevant evidence to make an unbiased determination with respect to whether discrimination occurred. In conducting the investigations the Director will consult expert resources within Hastings, as appropriate.

In those cases where the grievance involves a dispute regarding the conduct or requirements of a course or of an academic program, the Director of Human Resources shall consult with the Academic Dean.

C) The Director of Human Resources shall furnish the student with a written response to the grievance within 45 working days of meeting with the student. The written response will state the Director's conclusion as to whether discrimination occurred, the basis for the conclusion and any steps the Director has taken or will take to address the problem. The response shall be mailed to the student by certified mail, return receipt requested. If the grievance involves a dispute regarding the conduct or the requirements of a course, or of an academic program, a copy of the written response issued by the Director of Human Resources shall be provided to the Academic Dean.

Step Two

A) If the student is not satisfied with the written response of the Director of Human Resources, the student may present his/her grievance in written form to the Hastings Academic Dean. The grievance presented to the Dean will be limited to those matters raised in the student's grievance to the Director of Human Resources pursuant to Step One of this procedure.

B) Within thirty (30) working days after the receipt of the grievance, the Academic Dean shall review the appeal, any documentation gathered in the course of the investigation, witness statements, and investigative reports and findings by the Director of Human Resources, and determine whether all relevant information was gathered, whether the appropriate legal standard was applied and whether the outcome is appropriate based on these factors. Both parties to the complaint shall be immediately notified in writing of the Academic Dean's decision. The decision by the Academic Dean shall be final.

C) When the subject of grievance is the responsibility of the Academic Dean, the Chancellor and Dean shall make a decision on the recommendation within 30 days of receipt of the appeal. The complainant shall be

immediately notified in writing of the Chancellor and Dean's decision. The decision by the Chancellor and Dean shall be final.

D) If the grievance involves a dispute regarding the conduct or the requirements of a course, or of an academic program, a copy of the written decision issued by the Academic Dean or Chancellor and Dean if applicable, may be provided to the professor responsible for the course.

II. AMERICANS WITH DISABILITIES ACT (ADA)

Hastings is obligated to comply with Title II of the Americans With Disabilities Act (ADA). §504 of the Rehabilitation Act of 1973 (§504) and other federal and state laws and regulations pertaining to persons with disabilities. The College Disabled Student Initiated Grievance Procedure may be used to address disputes concerning the accommodations process and other forms of discrimination based on disability, alleged to have occurred in any College program or activity. To obtain a copy of the grievance procedure or for more information regarding the procedure, please contact The Office of Student Services, (415) 565-4835, or the College's ADA/Section 504 Coordinator, Robert Pettit, (415) 565-4812.

III. STUDENT RIGHTS RELATING TO PRIVACY AND ACCESS TO STUDENT RECORDS NOTICE TO STUDENTS OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their student education records. These are:

1. **The right to inspect and review your education records within 45 days of the day the College receives a request for access.**

You should submit to the Registrar, or other appropriate official responsible for the record, a written request that identifies the record(s) you wish to inspect. The College official will make arrangements for access and notify you of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official will advise you of the correct official to whom the request should be addressed.

2. **The right to request the amendment of your education records that you believe are inaccurate or misleading and the right to grieve alleged violation of privacy rights pursuant to the Student Conduct Code §91.00 et seq.**

You may ask the College to amend a record that you believe is inaccurate or misleading. To do so, you should write the College official responsible for the record, clearly identify the part of the record you want changed and specify why it is inaccurate or misleading. If the official decides not to amend the record as requested by you, the College will notify you of the decision and advise you of your right to a

hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when notified of the right to a hearing. You also have the right to grieve alleged violations of your right to privacy regarding your education records.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent FERPA authorizes disclosure without consent.

FERPA permits the disclosure of records retained by Hastings as "directory information" without student consent. These items include: student name, address (local and/or permanent), telephone numbers, date and place of birth, major field of study, dates of attendance, number of course units in which enrolled, degrees and honors received, the most recent previous educational institution attended and participation in officially recognized activities. The Department of Defense regulations also identify these items as directory information. However, students may refuse to permit disclosure of any or all of these categories of personally identifiable information designated as public or "directory information."

Notice of a student's refusal to permit disclosure of directory information shall be submitted in writing to the Records Office on the form entitled: "Right to Withhold Disclosure of Directory and Other Information" which is part of the orientation packet for first-year students or may be obtained in the Records Office.

The U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state education authorities ("Federal and State Authorities") may allow access to your records and personally identifiable information without your consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," as well as any program that is administered by an education agency or institution. Additionally, Federal and State Authorities may allow access to your education records and personally identifiable information without your consent to researchers performing certain types of studies, in certain cases even when the College objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your personally identifiable information, but the Authorities need not maintain direct control over such entities. Also, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent personally identifiable information from your education records, and they may track your participation in education and other programs by linking such personally identifiable information to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student record systems.

Another exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the College has contracted (e.g., an attorney, auditor or collection agent); a person serving on the Board of Directors; or a student serving on an official committee (e.g., a disciplinary or grievance committee) or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Students may provide a written, dated consent for Hastings to provide personally identifiable information from that student's educational records to third parties.

Pursuant to FERPA, certain student records are not subject to inspection and review by students. These are set forth in Hastings' Policies and Procedures Applying to Privacy and Access to Educational Records and referenced below:

- a. Financial records and statements of the student's parents or guardians or any information contained therein. Information from the Parents' Confidential Statement, or equivalent information,

may be disclosed to the student on condition that the proper authorization has been signed by the parent(s) or guardian(s).

- b. Confidential letters and statements of recommendation which were placed in a student's records prior to January 1, 1975, provided that the letters and statements are used only for the purposes for which they were specifically intended.
 - c. Confidential letters and statements of recommendation which were placed in a student's records after January 1, 1975, with regard to admission, application for employment, or the receipt of an honor, if the student has waived the right to inspect and review those recommendations.
 - d. Records containing personally identifiable information about other students. If student records contain information on more than one student, students may inspect and review or be informed of only the specific information which pertains to themselves.
- 4. Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by University of California, Hastings College of the Law to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

VI. SEXUAL MISCONDUCT POLICY

1. Purpose and Scope

This Policy applies to all UC Hastings employees as well as all students.

This Policy addresses UC Hastings' responsibilities and procedures related to Sexual misconduct in order to ensure an equitable and inclusive education and employment environment free of sexual violence and sexual harassment. The Policy defines conduct prohibited by UC Hastings and explains the administrative procedures UC Hastings uses to resolve reports of Sexual misconduct.

For assistance with incidents of sexual violence, sexual harassment, dating violence, domestic violence, and stalking, please contact the UC Hastings Title IX Officer or Deputy Title IX Officer(s).

Sexual misconduct, including, but not limited to sexual harassment, sexual assault, dating violence, domestic violence, and stalking, by any faculty member, staff member, student, or a third party who is a participant in a UC Hastings -sponsored program, event, or activity, is a violation of both state and federal law, as well as UC Hastings policy and will not be tolerated at UC Hastings. Further, UC Hastings is committed to providing ongoing sexual misconduct primary prevention, awareness, and risk reduction programs and training for the entire UC Hastings community. Sexual misconduct of employees is prohibited under Section 703 of Title VII of the Civil Rights Act of 1964 and sexual harassment of students may constitute discrimination under Title IX of the Education Amendments of 1972.

II. Statement of Policy

This policy seeks to comply with requirements mandated by the Violence Against Women Reauthorization Act of 2013. UC Hastings considers sexual misconduct a very serious issue and shall subject the offender to dismissal and/or other sanctions following the UC Hastings' investigation and substantiation of the complaint and compliance with due process requirements.

III. Policies and Guidelines

- A.** UC Hastings has designated a Title IX coordinator who will be responsible for ensuring the College has required policies and procedures in place; ensuring prompt and effective processing of complaints; administering a centralized complaint filing system; conducting evaluations of school compliance; for analyzing trends revealed by complaints, investigations and enforcement activities; assist in arranging for training for staff and students; and for monitoring on behalf of the institution overall compliance with this policy and related federal and state legislation and regulation.

UC Hastings may designate one or more deputy coordinators to assist the Title IX coordinator. Such deputies will be authorized to receive complaints and will have full power to conduct reviews and investigations and hear appeals as directed by the institutional Title IX coordinator. Whenever the phrase "Title IX Coordinator" appears in this policy and other policies in connection with administering an individual complaint, it will be understood to include both the coordinator and any deputy coordinators who may have been assigned responsibilities to administer the matter.

B. DEFINITION OF SEXUAL MISCONDUCT

Sexual misconduct is any unwelcome conduct of a sexual nature, including any conduct or act of a sexual nature perpetrated against an individual without consent. Sexual misconduct can be committed by men or by women and it can occur between people of the same or different sex. Sexual misconduct includes but is not limited to:

- dating violence;
- domestic violence;
- sexual assault (non-consensual sexual contact and non-consensual sexual intercourse);
- sexual harassment; and
- stalking.

C. DEFINITION OF DATING VIOLENCE

Dating violence is defined as physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury, or assault between two individuals who are in a romantic or intimate social relationship. A

romantic or intimate social relationship between two individuals is determined by examining the following factors: (i) the length of the relationship; (ii) the type of the relationship; and (iii) the frequency of interaction between the two individuals involved in the relationship. "Dating" does not include a causal relationship or ordinary fraternization between two individuals in a business or social context.

D. DEFINITION OF DOMESTIC VIOLENCE

Domestic violence is a felony or misdemeanor crime of violence committed by any of the following individuals:

- a current or former spouse or intimate partner of the victim; or
- a person with whom the victim shares a child in common; or
- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; or
- a person similarly situated to a spouse of the victim under the domestic or family laws of the jurisdiction in which the crime of the violence occurred; or
- any other person against an adult or youth who is protected under the domestic or family violence laws of the jurisdiction in which the crime of violence has occurred.

E. DEFINITION OF SEXUAL ASSAULT: NON-CONSENSUAL SEXUAL CONTACT

Non-consensual sexual contact is defined as any sexual touching, with any object, by a man or a woman upon another person without consent or making any person touch you or them in a sexual manner.

F. DEFINITION OF SEXUAL ASSAULT: NON-CONSENSUAL SEXUAL INTERCOURSE

Non-consensual sexual intercourse is defined as any sexual intercourse (anal, oral or vaginal), with any object, by a man or woman upon another person without consent.

Consent is *affirmative, conscious, voluntary, and revocable*. Consent to sexual activity requires of both persons an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person to ensure they have the affirmative consent of the other to engage in the sexual activity. Lack of protest, lack of resistance, or silence, do not alone constitute consent. Affirmative consent must be ongoing and can be revoked at any time during sexual activity. The existence of a dating relationship or past sexual relations between the persons involved should never by itself be assumed to be an indicator of consent (nor will subsequent sexual relations or dating relationship alone suffice as evidence of consent to prior conduct).

The Respondent's belief that the Complainant consented shall not provide a valid excuse where:

1. The Respondent's belief arose from the Respondent's own intoxication or recklessness;
2. The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the Complainant affirmatively consented; or
3. The Respondent knew or a reasonable person should have known that the Complainant was unable to consent because the Complainant was incapacitated, in that the Complainant was:
 - a. asleep or unconscious;
 - b. due to the influence of drugs, alcohol, or medication, unable to understand the fact, nature, or extent of the sexual activity; or
 - c. unable to communicate due to a mental or physical condition.

G. DEFINITION OF SEXUAL HARASSMENT

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

- submission to such conduct is either explicitly or implicitly made a condition of an individual's employment with the university or a factor in the educational program of a student;
- submission to or rejection of such conduct by an individual is used as the basis for an employment or academic decision affecting such individual; and/or
- such conduct has the purpose or effect of unreasonably interfering with an individual's right to achieve an educational objective or to work in an environment free of intimidation, hostility or threats stemming from acts or language of a sexual nature.

H. EXAMPLES OF SEXUAL HARASSMENT

Sexual harassment may create a hostile, abusive, demeaning, offensive or intimidating environment. It may be manifested by verbal and/or physical actions, including gestures and other symbolic conduct. Sexual harassment is not always obvious and overt; it can also be subtle and covert. A person who consents to sexual advances may nevertheless be a victim of sexual harassment if those sexual advances were unwelcome. Previously welcomed advances may become unwelcome. Examples of sexual harassment may include, but are not limited to, the following:

- non-sexual slurs about one's gender;
- contrived work or study assignments and assigning more onerous or unpleasant tasks predominately to employees or students of one gender;
- repeated unwanted touching, patting or pinching;
- repeated inappropriate social invitations or requests for sexual favors;
- repeated unwanted discussions of sexual matters;
- use of sexual jokes, stories, analogies or images which are not related to the subject of the class or work situation;
- touching, fondling or deliberate brushing against another person;
- ogling, leering or prolonged stares at another's body;
- display or use of sexual graffiti or sexually-explicit pictures or objects; and
- sexually-suggestive jokes, comments, e-mails, or other written or oral communications.

Although sexual harassment most frequently occurs when there is an authority differential between the persons involved (e.g. faculty member and student, supervisor and staff member), it may also occur between persons of the same status (e.g. faculty and faculty, student and student, staff and staff). Both men and women may be victims of sexual harassment and sexual harassment may occur between individuals of the same gender.

NOTE: Other forms of harassment based upon race, religion, national origin, sex or age may have the same impact as sexual harassment. In the absence of other policies addressing these specific issues, the university encourages the use of the steps and procedures in this policy in reporting other types of harassment and will generally conduct investigations of those complaints in the same manner.

I. DEFINITION OF STALKING

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

A "course of conduct" is two or more acts, including, but not limited to: acts in which the "stalker" directly, indirectly, or through third parties by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.

"Substantial emotional distress" is significant mental suffering or anguish that may, but does not necessarily require, medical or other professional treatment or counseling. A "reasonable person" is one under similar circumstances and with similar identities to the victim.

J. CONSENSUAL RELATIONSHIPS

Because of the unique situations that exist among students, faculty, supervisors, and staff, relationships in the workplace and on campus should at all times remain professional. In particular, due to the professional power differential between faculty and students, faculty is encouraged to remain professional in all relationships with students.

Pursuant to California Education Code Section 67386, UC Hastings College of the Law has adopted and will enforce against students—both on and off campus—an "affirmative consent" standard in the determination of whether consent was given by a complainant. Affirmative consent requires that in every instance, each party ensures that he or she has ongoing "affirmative, conscious, and voluntary agreement to engage in sexual activity" from the other party (ies). Cal. Educ. Code § 67386 (a)(1) (2014).

K. MANDATORY REPORTING UNDER TITLE IX

UC Hastings has designated all employees, both faculty and professional staff, as mandatory reporters. Additionally, anyone affiliated with UC Hastings in an official capacity, but who may not necessarily be employees (i.e. off-campus student organization advisors) are also deemed as mandatory reporters. When an

employee becomes aware of an alleged act of sexual misconduct, the employee must promptly contact the Title IX coordinator, a deputy Title IX coordinator, general counsel or assistant vice president for human resources. The employee should use the Sexual Misconduct Complaint Form, which may be found on the UC Hastings website. Alternatively, the employee may call the Title IX coordinator and then follow-up by completing the form. The Title IX coordinator and any deputy Title IX coordinator are also available to provide guidance on how to handle a situation to faculty and professional staff at any time. Individuals who are aware of or have experienced an incident of misconduct should promptly report the matter to the Title IX coordinator, a deputy Title IX coordinator, general counsel or assistant vice president for Human Resources. Sexual misconduct should be reported within 180 days of its occurrence. However, complaints reported after 180 days will still be investigated.

When an employee thinks that a student may be about to report an act of misconduct, the employee should make every effort to ensure that the student understands: (i) the employee's obligation to report the names of the alleged perpetrator and student involved in the alleged sexual violence, as well as relevant facts regarding the alleged incident (including the date, time, and location), to the Title IX coordinator or other appropriate school officials, (ii) the student's option to request that the school maintain his or her confidentiality, which the school (e.g., Title IX coordinator) will consider, and (iii) the student's ability to share the information confidentially with counseling, advocacy, health, mental health, or sexual-assault-related services (e.g., sexual assault resource centers, campus health centers, pastoral counselors, and campus mental health centers).

L. REPORTING REQUIREMENTS FOR PROFESSIONAL COUNSELORS

UC Hastings professional counselors, health center employees, or any other person with a professional license requiring confidentiality, or who is supervised by such a person, are not required to report, without the student's consent, incidents of sexual misconduct to the school in a way that identifies the student. However, they are required to report such incidents in a way that does not identify the student, but gives UC Hastings enough information to attempt to stop, prevent and remedy the effects of the violation.

UC Hastings professional counselors, health center employees should inform students of their right to file a Title IX complaint with the school and a separate complaint with campus or local law enforcement. In addition to informing students about campus resources for counseling, medical, and academic support, these persons should also indicate that they are available to assist students in filing such complaints. They should also explain that Title IX includes protections against retaliation, and that school officials will not only take steps to prevent retaliation but also take strong responsive action if it occurs. This includes retaliatory actions taken by the school and school officials.

M. CONFIDENTIALITY

In the course of a complaint investigation, UC Hastings will make reasonable efforts to maintain confidentiality of the complaints. All parties to the complaint will be asked to assist in treating the complaint confidentially. However, there can be no guarantee of confidentiality and anonymity based upon the course and scope of the complaint investigation and the institution may share information where necessary to provide accommodations or protective measures.

Even if the complainant requests confidentiality or asks the complaint not be pursued, UC Hastings will 1) take all reasonable steps to investigate and respond to the complaint to the extent possible consistent with the alleged victim's wishes; 2) notify the alleged victim that the failure of the alleged victim to pursue a complaint may limit the university's ability to fully address the matter; and 3) report the incident to local law enforcement authorities if it appears to involve a crime that is required to be reported or a health or safety emergency as defined by state or federal law requires such reporting.

N. PROTECTIVE MEASURES

There are a range of protective measures the institution may offer following an allegation of sexual misconduct including:

- issuing "no contact" orders;
- summarily suspending the respondent from campus housing on an interim basis;
- restricting the respondent's movement on campus; and/or
- re-assigning or placing the respondent on administrative leave.

O. FILING OF FALSE REPORTS

A grievant whose complaint is found to be both false and to have been made with malicious intent will be subject to disciplinary action which may include, but is not limited to, demotion, transfer, suspension, expulsion or termination of employment.

P. DUTY TO COOPERATE

All students and employees whose assistance is needed in the investigation of a complaint or in the course of disciplinary action will be required to cooperate with the Title IX coordinator, any designated deputy Title IX coordinator, and other parties who are duly authorized to investigate or to discipline. Persons who are accused of having engaged in sexual misconduct will be entitled to such cooperation when necessary to obtain witnesses in any formal disciplinary proceedings that may be initiated. Where necessary, adjustments will be made to work schedules, classroom schedules, and other academic or employment obligations.

Q. PROHIBITION ON RETALIATION

Retaliation against any person in the UC Hastings community for filing, supporting, providing information, or for cooperating in a sexual misconduct investigation in good faith, in connection with a complaint of sexual misconduct is strictly prohibited. Examples of retaliation may include, but are not limited to, adverse employment actions such as termination, refusal to hire, and denial of promotion. Additionally, retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that would dissuade a reasonable student or employee from filing a harassment complaint or participating in a harassment investigation is strictly prohibited. Any person who feels he/she has been subjected to retaliation should make a report to the Title IX coordinator.

R. GRIEVANCE PROCEDURES FOR SEXUAL MISCONDUCT CLAIMS

Employees or students of UC Hastings who believe they have been subjected to sexual misconduct are encouraged to use the University Sexual Misconduct Grievance Procedures, which may be found on the university's website, to resolve their complaint.

UC Hastings will make every effort to adhere to the prescribed time frames of the informal and formal resolution processes. However, in the event that individuals involved are unavailable or of other unanticipated occurrences, the Title IX coordinator, with the concurrence of the Associate Academic Dean, may adjust the time frames. Any changes will be immediately communicated to the complainant and respondent by the Title IX coordinator, and where possible, their needs will be accommodated. Time frames may also be extended upon the mutual agreement of the parties. Time frames will be extended if necessary to accommodate holidays and vacation periods that form part of the academic calendar or days on which the College is closed for weather or other emergency purposes. Working days are those on which the offices of UC Hastings are open for business. Extensions will not exceed the bounds allowed by applicable law and regulations.

S. INFORMAL INVESTIGATION AND RESOLUTION:

Individuals who believe they have been subjected to sexual misconduct (complainant or "alleged victim" if not the complainant) should report the incident promptly to their immediate supervisor, associate academic dean, departmental supervisor higher up in the chain of command, or directly to the Title IX coordinator, a deputy Title IX coordinator, general counsel or executive director of human resources.

The person to whom the complaint is made shall immediately contact the Title IX coordinator. The Title IX coordinator will conduct an informal investigation and propose a resolution. The department involved and/or the supervisor to whom the complaint was made may be asked to assist in the informal investigation.

The alleged victim may elect to resolve his or her complaint through the informal resolution process provided that (i) the respondent agrees to such resolution, (ii) the alleged victim and the respondent are both students or are both employees of UC Hastings, (iii) the Title IX coordinator determines that informal resolution is an appropriate mechanism for resolving the complaint, and (iv) the complaint does not involve sexual assault.

If, following investigation, an informal resolution of the matter that is satisfactory to the complainant, the person against whom the complaint is made (respondent) and UC Hastings (represented by the Title IX coordinator) is reached, it shall be considered closed and all parties involved shall be so advised in writing by the Title IX coordinator. If a satisfactory resolution has not been reached within 10 working days from the date of the complaint, the complainant, respondent, or UC Hastings may initiate formal complaint/investigation procedures.

T. PROTECTION OF COMPLAINANTS, RESPONDENTS, AND WITNESSES

To encourage reporting, neither a complainant nor witness in an investigation of sexual violence will be subject to disciplinary sanctions for a violation of the relevant UC Hastings conduct policy at or near the time of the incident, unless the violation placed the health or safety of another at risk; involved plagiarism, cheating, or academic dishonesty; or was otherwise egregious.

Because alcohol, drugs, and other intoxicants are often involved, complainants may be afraid to report sexual misconduct where they have also engaged in an activity that violated UC Hastings policy or State law. UC Hastings encourages the reporting of sexual misconduct and therefore generally does not hold complainants and/or witnesses accountable for alcohol or drug-related student violations that may have occurred at the time of the sexual misconduct.

U. PRIVACY

UC Hastings will protect the privacy of individuals involved in a report of Prohibited Conduct to the extent permitted by law and by University policy and procedures. However, it should be recognized that an investigation may involve interviews with a number of persons to inquire if they have relevant evidence, and extremely sensitive information may be gathered. While such information is considered confidential, UC Hastings policy may also require the disclosure of certain information during or following an investigation.

V. FORMAL INVESTIGATION AND RESOLUTION

If the sexual misconduct complaint has not been resolved through informal procedures and the complainant, respondent, or College wishes to pursue the matter further, the party wishing to pursue the matter must file a written complaint. The written complaint must be filed with the Title IX coordinator within three working days of the termination of the informal procedures.

The Title IX coordinator will refer the matter to a Title IX investigator who shall be responsible for making a finding as to what conduct occurred, and then make a recommendation as to whether that conduct constitutes a violation of the UC Hastings' policy and/or Student Conduct Code. The investigator will send that recommendation to the Associate Academic Dean who will make the finding as to whether a violation of the student conduct code occurred. If the Associate Academic Dean concludes that a violation occurred, he or she would assess the sanction against the student found responsible.

The student shall have the right to an in-person appeal hearing before a three person committee consisting of the Executive Director of Human Resources, the Academic Dean, and the Chair of the UC Hastings Panel on Student Conduct with the Title IX coordinator serving as staff to the appeals hearing body. Each member of the appeals hearing body may designate a substitute to hear the case if he or she is unavailable or if he or she believes that a conflict exists that would prevent him or her from reviewing the case at hand objectively. Officials who serve on the appeals hearing body must have received training on various aspects of sexual misconduct including, but not limited to, sexual harassment, sexual assault, dating violence, domestic violence, and stalking.

The Title IX coordinator will utilize the UC Hastings Student Misconduct Grievance Procedures in conducting the formal investigation, which may be routinely modified to remain in compliance with the current status of the law. Proceedings will be conducted by law.

VII. USE AND CONSUMPTION OF ALCOHOLIC BEVERAGES ON CAMPUS

I. Purpose and Scope

- H. UC Hastings has the sole and absolute discretion to require any registered student organization that is a separate, 501 (c) (3) corporation to provide private event liability insurance when serving Alcoholic Beverages at an event on Campus. Further, the liability insurance policy must name the College, its officers, and its employees as additional insured.

V. Beer on the Beach

UC Hastings allows the consumption of beer on the patio of the building located at 198 McAllister Street (“Beer on the Beach”) as a sanctioned Associated Students of UC Hastings (“ASUCH”) activity. UC Hastings administration may authorize alternative Campus locations when inclement weather prevents holding Beer on the Beach on the 198 McAllister Street patio.

VI. Use of College Facilities By Non-College Entities

- A. Use of College facilities by Non-College entities are within the sole and absolute discretion of UC Hastings. UC Hastings reserves the right to deny such entities’ requests to serve Alcoholic Beverages at their events. (See the College’s Facilities Usage Policies and agreement for further information.)
- B. All Non-College entities must inform the UC Hastings administration when they plan to hold or sponsor an event on Campus where Alcoholic Beverages will be served in at least ten (10) business days prior to the date of the event. This may be accomplished when scheduling the event with the CEC.
- C. All Non-College entities must complete the UC HASTINGS ACKNOWLEDGMENT OF RESPONSIBILITY FOR SERVICE OF ALCOHOLIC BEVERAGES form, Attachment A, when holding

an event on Campus where Alcoholic Beverages will be served. The form must be submitted to the CEC with the room reservation request.

VII. Sanctions

- A. Individuals, students, or student organizations who violate UC Hastings policies are subject to UC Hastings disciplinary proceedings under the Student Conduct Code or College’s personnel rules and regulations.¹ Sanctions for the violation of this policy are based on the severity and frequency of violation. Sanctions may include, but are not limited to: referral to on- or off-campus alcohol assessment and/or counseling, alcohol education, community service, disciplinary probation, suspension of individual students, suspension from use of UC Hastings facilities for a designated period of time, and suspension of registered student organization status.
- B. At UC Hastings, we believe that student health and safety is a responsibility shared by all members of the UC Hastings community, and that our obligation as a community is to act with care and respect for each other. Toward that end, students who seek appropriate medical aid due to an incident of intoxication either for themselves or for other students, generally, will not be subject to disciplinary action for that incident with respect to violation of this UC Hastings’ alcohol policy.

VIII. SMOKING IN AND AROUND ALL UC HASTINGS BUILDINGS

All students, staff, faculty, visitors, and anyone on or within UC Hastings managed property, are prohibited from smoking and using, tobacco products, including electronic cigarettes, in UC Hastings buildings and on UC Hastings property whether the property is enclosed or not enclosed, except in areas designated by UC Hastings.

Carrying or holding of a lighted

- or cigarette of any kind., including e-cigarettes

Tobacco product means:

* Government Code Section 7597 provides the following:

(b) This section shall not preempt the authority of any county, city, city and county, California Community College campus, campus of the California State University, or campus of the University of California to adopt and enforce additional smoking and tobacco control ordinances, regulations, or policies that are more restrictive than the applicable standards required by this chapter.

IX. POLITICAL ELECTIONS

I. Purpose and Scope

This policy pertains to issues that have arisen within UC Hastings relating to the use of state resources for political elections, either municipal, or state, or national.

It is prohibited by law to use public funds for any political campaign activity. This principle is established in the leading case of *Stanson v. Mott* 17 Cal.3d 206, 210 (1976), which states that:

“[A] public agency may not expend public funds to promote a partisan position in an election campaign.”

This rule is also established in Government Code Section 8314, which provides that:

“It shall be unlawful for any elected state officer, appointee, employee, or consultant to use or permit others to use state resources for a campaign activity... which [is] not authorized by law.”

II. Statement of Policy

This policy of neutrality is consistent with the California Constitution, which establishes that the University of California shall be “entirely independent of all political or sectarian influence.” Cal. Const. art. IX, § 9. Campaign neutrality is also consistent with statutes prohibiting the misappropriation or gifting of public funds. Cal. Pen. Code § 424; Cal. Const. art. XVI, § 6. Further, this rule is supported by the bar against using student fees to support political positions, as established in *Smith v. Regents of University of California*, 4 Cal. 4th 843 (1993).

UC Hastings resources are implicated whenever any UC Hastings property or asset is used in a political election campaign. This includes real property, facilities, equipment, computers, employee time, and funds. The College receives various requests for the use of College facilities during election season, especially. College officials must be cognizant that as a public institution, UC Hastings has an obligation to ensure that the use of its facilities does not suggest or imply an endorsement of any candidate for public office.

III. Policies and Guidelines

UC Hastings provides the following:

- A. **CAMPAIGN MATERIALS:** Campaign materials such as bumper stickers, posters, and commercials constitute advocacy, and cannot be purchased with taxpayer funds. However, written information that is neutral in tone, and is primarily factual and informative may be purchased with public funds. Generally, if information is presented in a manner that is argumentative or leads to only one logical conclusion, or encourages a particular vote, it is advocacy.
- B. **DEBATES:** Debates, where both sides have an opportunity to express themselves, are appropriate expenditures of public funds. Sponsors of the debate and participants must clarify at the outset that they are presenting their own personal opinions and not an institutional position. When public college and/or university officials are participants in a debate and advocate a particular point of view, they should clarify at the outset that they are presenting their own personal opinions and not an institutional position. Although balance need not be achieved at each speaking event, UC Hastings aims to have various points of view represented. The need for balance increases with proximity to elections. Public funds may be used to pay speakers, even when they advocate for a particular candidate or position in an election year, although the speaker should be introduced in a manner that makes it clear that the speaker's position is not the position of the college and/or university.
- C. **FREE SPEECH ZONES:** Areas of campus may be designated as the usual gathering places where public speech occurs ("free speech zones"). Speakers may be directed to these free speech zones as the usual places where speech occurs. Outside of the free speech zones, speech is subject to reasonable regulation regarding time, place and manner of speech.

The free speech zone at UC Hastings is an area of the 198 McAllister Street patio (the beach.) It is at the eastern edge facing Leavenworth Street.

Care needs to be exercised in developing advance notice requirements for use of the campus for speech purposes. When large groups are anticipated, where sound amplification is required, where the speaker is not a member of the campus community, or where special security issues are presented, it may be appropriate to require advance notice to the College. However, a blanket advance notice requirement is probably an inappropriate prior restraint.
- D. **LEAFLETING:** Leafletting is permitted on the public streets. However, you must avoid unsafe congestion near sidewalks surrounding UC Hastings. Leafletting is not allowed on the patios of the 198 McAllister and 200 McAllister Street buildings.
- E. **POSTERS:** Campaign posters that advocate a position may not be paid for with public money. Political posters may be displayed in public areas, such as bulletin boards and kiosks. They may also be displayed in private areas, such as McAllister Tower units and private offices, as long as the context does not suggest that the posters represent the position of UC Hastings.
- F. **USE OF FACILITIES:** Campaign groups which request the use of campus facilities for meetings, rallies, or other gatherings must be treated the same as other outside groups which make such requests. If UC Hastings charges other groups for the given use, it must also charge campaign groups at the same rate. UC Hastings should include a disclaimer with any printed materials advertising the event that it does not endorse the opinions expressed at the event.
- G. **FILMING OF POLITICAL ADS ON CAMPUS:** The sidewalks adjacent to the UC Hastings buildings are public property; and as such, are acceptable locations to film political campaign advertisements. Reasonable time, place, and manner restrictions may apply as apply to filming on campus generally.
- H. **USE OF EMAIL:** UC Hastings provides email for employees to conduct official college business. It is not appropriate for individual employees to conduct campaign advocacy or solicit funds using these accounts. Conversely, to the extent that a certain degree of personal communication is tolerated or

allowed under applicable policy, then personal communications which include the expression of political views must also be tolerated. Even if it is appropriate for UC Hastings to expend effort to promote and encourage voter registration, a broadcast effort to get out the vote on email is not appropriate. Union organizing campaigns are an exception to this policy.

- I. **PUBLIC RESOLUTIONS:** Certain bodies within UC Hastings have a tradition of expressing common views on matters of public importance. There is no reason why such bodies cannot continue to express their viewpoints, even on matters that go before the electorate. UC Hastings employees do not lose their personal right of individual or collective free speech because of their employment. Accordingly, a deliberative body may take a position on an issue of importance to society or on a ballot proposition. However, having exercised rights of expression, the body may not then spend state funds to publicize its point of view other than preparing the usual minutes of the meeting and engaging in normal communications that follow the meeting. The body should include a statement expressing that its position is not endorsed or sanctioned by UC Hastings. If the position is adapted in procedures that are out of the ordinary course, for example by a special meeting called for the purpose of establishing a political position, there is a possibility that this could be considered an illegal campaign activity.
- J. **SIGNING ADVOCACY LETTERS:** First Amendment rights to free speech are not sacrificed upon assuming public employment. UC Hastings faculty and staff may sign their name to letters and other written documents that advocate political positions.
- K. **CAMPAIGN BUTTONS:** Employees may wear political campaign buttons to work as an expression of their views.

IV. Sanctions

Individuals, students, or student organizations who violate UC Hastings policies are subject to civil, criminal and UC Hastings disciplinary proceedings under the Student Conduct Code or College's personnel rules and regulations. Sanctions for the violation of this policy are based on the severity and frequency of violation. Sanctions may include, but are not limited to: referral to on or off-campus alcohol assessment and/or counseling, alcohol education, community service, disciplinary probation, suspension of individual students, suspension from use of UC Hastings facilities for a designated period of time, and suspension of student organization status.
